

Office of the Chief

MESSAGE FROM THE CHIEF:

On behalf of the over 900 dedicated men and women of the Rochester Police Department, I am pleased to present our Annual Report for 2010. I am extremely proud of the Department's performance during the past year which saw significant gains in making Rochester a safer, more enjoyable city for everyone.

I would like to thank former Mayor Robert J. Duffy, City Council, Mayor Tom Richards, and the Rochester community for their support and cooperation given to the Police Department throughout the year.

During 2010, the Rochester community experienced noteworthy decreases in crime in almost every category. Many of these decreases were the lowest in nearly 25 years. Year-end crime statistics are evidence of the hard work done by the men and women of this organization, both sworn and non-sworn. I extend my appreciation to the members of the Chief's Office, Operations and Administration Bureaus for their day to day efforts in driving this success.

Since becoming Chief of Police, I have consistently pushed my core philosophies of: Public Safety, Community Engagement, Morale, Teamwork, and Leadership Development.

In March of 2010, we were once again accredited by New York State until 2015. The public can be assured that this distinction ensures that the Rochester Police Department adheres to very stringent standards of professionalism in all aspects of our daily functions, to include training, record keeping, budgeting/accounting, and resource deployment.

MESSAGE FROM THE CHIEF (CONT'D.)

Relative to public safety, the Rochester Police Department continues to introduce technology that improves the safety of our officers as well as the citizens that they serve. In October of 2010, we introduced the Red Light Camera Photographic Enforcement System at several of our most notably dangerous intersections. Our objective: to make motorists aware of their driving habits and thus help avoid dangerous conditions and otherwise avoidable accidents at these intersections.

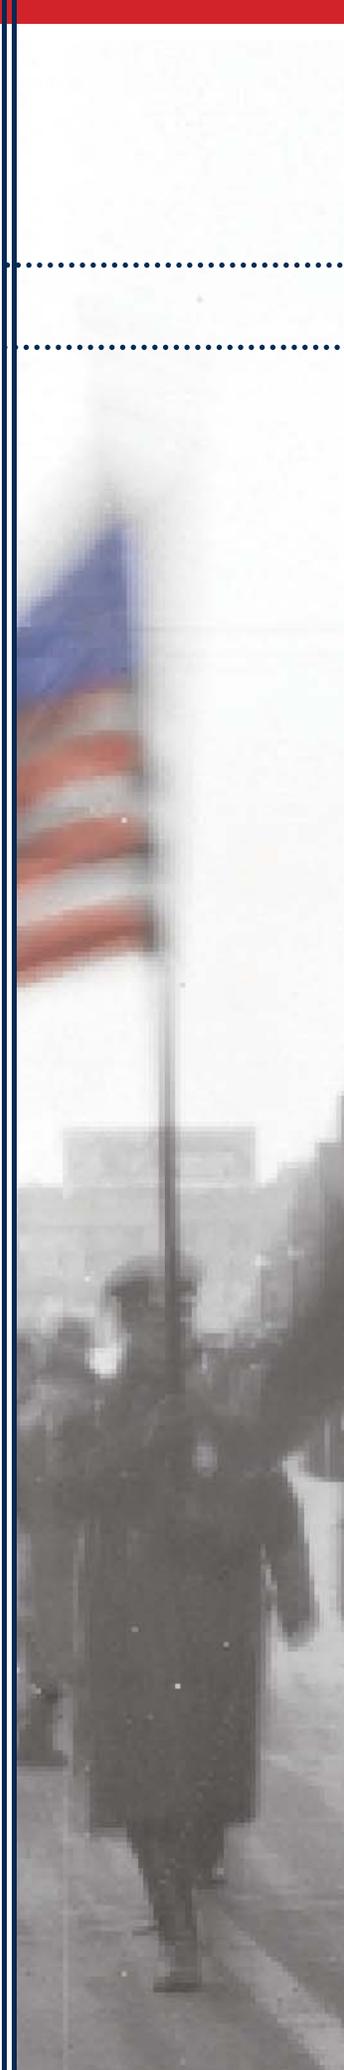

The Department is also proud to announce the addition of three technologically advanced command vehicles for our Scuba Squad, Bomb Squad, and Emergency Task Force. These vehicles were purchased with grant funding and help us to remain effective in our response to any situation.

Community engagement efforts can be highlighted by the plethora of positive feedback we have received regarding our "Chief on the Street" events. At these events, community members and neighborhood groups have direct access to the Chief, as well as the officers that work in their neighborhoods, to discuss any concerns that they may have. Our staff is responsive in addressing any identified concerns.

Many of our employees give back to the community by volunteering their time with local charity groups, youth groups, and other organizations that serve the Rochester community. I will consistently encourage members of our department to give generously of their time to volunteer and be engaged in the community, because I believe that engagement and interaction are vital components to further enhancing positive police-civilian interaction, particularly as it relates to youth.

MESSAGE FROM THE CHIEF (CONT'D.)

Office of the Chief

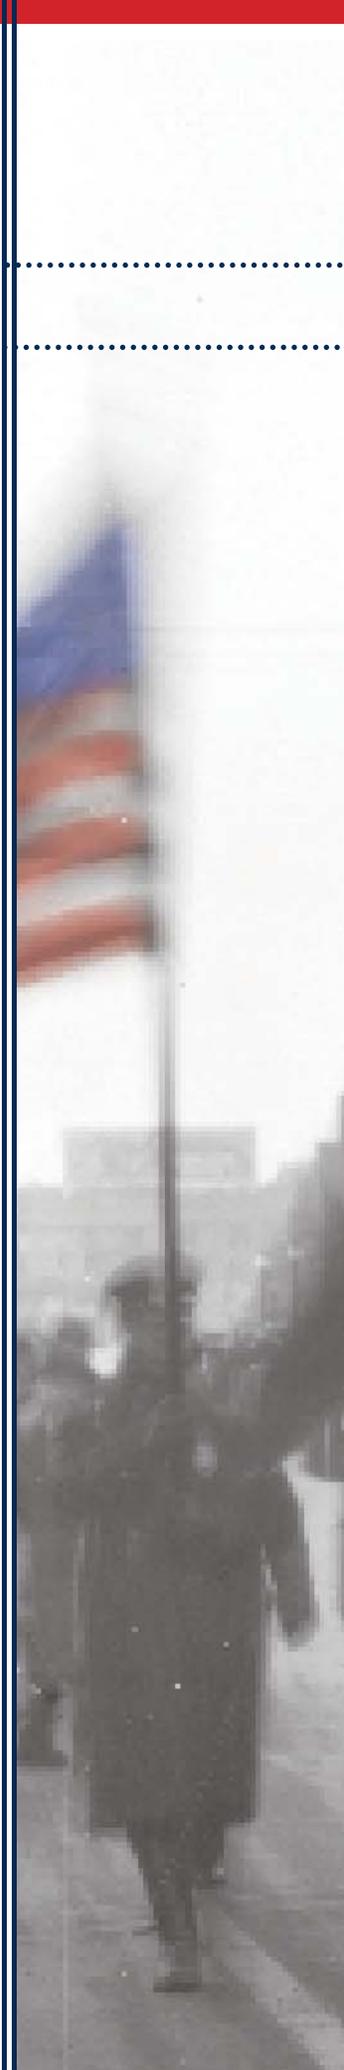

We have also made great strides in our relationship with our local media. We have formed a Media Discussion Panel comprised of local reporters, news assignment editors, and our Staff Duty Officers who oversee patrol operations on a day to day basis. The intent of the panel is to have ongoing discussion and to periodically review how we can improve our communications and interaction with the media as we move forward.

Although gauging a police department's effectiveness and success involves many variables, one of the most revealing factors is that of the morale of its employees. Acknowledging the hard work of our employees, both civilian and police, is of paramount importance to me. This spring, we held our 30th Annual Awards Ceremony. We recognized over one hundred of our officers that went above and beyond in the performance of their duties. Additionally, we established a Citizen of the Year award, a Civilian Employee of the Year award, and the one that I'm most proud of, an Officer of the Year award to our annual ceremony.

We will continue to acknowledge the invaluable efforts of all of our employees, as well as strive to develop strong leadership skills amongst our command staff.

Through the continued teamwork and collaborative efforts of our law enforcement partners, and the partnership of the Rochester Police Department with the citizens of this great city, I am confident that together, we will make the City of Rochester the safest mid-size city in America in which to work and raise a family.

-Chief James M. Sheppard

ACCREDITATION

Ensures that law enforcement agencies provide progressive, customer-focused services and meet the highest professional standards.

The Rochester Police Department received national recognition upon accreditation from the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA) in 1987 and the New York State Law Enforcement Accreditation Program (NYSLEAP) in 1990. Under both programs, these accrediting agencies rigorously review Department practices for compliance with recognized and accepted law enforcement standards.

Accreditation is granted for three years by CALEA and for five years by New York State. During these periods, the agency must comply with all applicable standards. A report is submitted annually to each accrediting body, attesting to continued compliance. At the end of each accreditation period, the agency undergoes a thorough on-site assessment to verify compliance for its re-accreditation.

As a leading law enforcement agency, members of the Rochester Police Department are proud of the high quality of service for which they have been recognized, and continue to pursue excellence in law enforcement. Last year during the on-site assessment, the RPD received CALEA's highest designation, "Flagship Agency". The RPD reached this goal by meeting all mandatory and 96% optional standards set forth by CALEA.

CRIMESTOPPERS

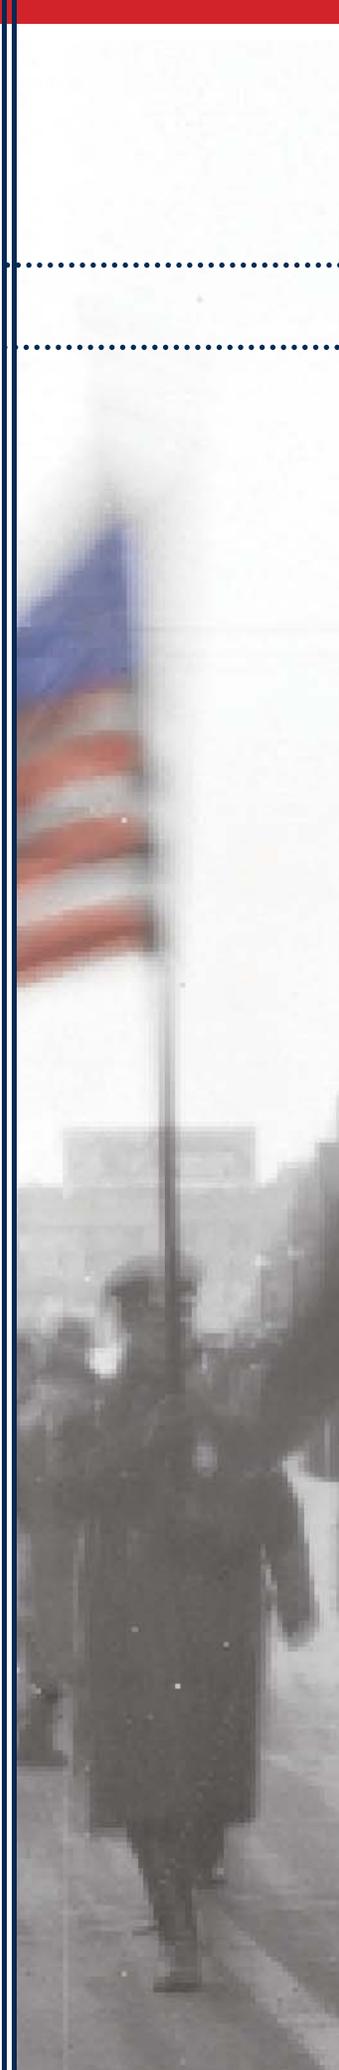

Rochester Area Crime Stoppers (RACS) was founded in 1982 with a mission to assist local law enforcement in solving crime and arresting those involved in criminal activity. RACS is a community-based program that is managed by an unpaid Board of Directors, representatives from local law enforcement, Channel 13-WHAM and the *Rochester Democrat and Chronicle*.

RACS pays rewards for tips on crimes that lead to an arrest. Tips are called in to the Crime Stoppers Hotline at 423-9300. The program has enjoyed great success with an average conviction rate of 95% on cases solved by Crime Stoppers' tips.

RACS is in partnership with TV Channel 13-WHAM, who broadcasts the Crime of the Week, highlighting a 'wanted' individual, encouraging viewers to call in tips. RACS funds the publishing of six Felony Fugitive Flyers each year in the *Democrat and Chronicle* newspaper, which has a 77% capture rate.

RACS is a 501-3c organization that is funded by local contributors, United Way, State Department of Criminal Justice Services grants and annual Phone-a-thon that is manned by local law enforcement personnel and Telethon.

Crime Stoppers tips are taken in by the City of Rochester 311 Unit. The Major Crimes Coordinator then reviews all tips and disseminates tip information to the appropriate Rochester Police Department Unit or other relevant local department, and the Coordinator of the Monroe County Crime Analysis Unit (MCAC) for follow-up.

THE FIREARMS TRAINING UNIT (FTU)

Is responsible for all aspects of firearms training, repair, deployment and evaluation for the Department. The Unit is also a resource for all other police departments in the county and surrounding regions, including the FBI, ATF, US Border Patrol, US Immigration & Customs, US Marshall, US Federal Detention, NY Attorney General's Office, and military units.

The Unit maintains an inventory of all Department weapons and ammunition, including specialized weapons, gas launchers, bean bag guns and related support equipment. In 2010, the FTU conducted both Basic and Advanced Firearms Instructor schools. These schools drew students from throughout New York State. The FTU was able to achieve 100% passing for Recruit Classes 52 and 53. Recruit Class 53 was the eighth consecutive recruit class with 100% of the students passing. FTU staff members conduct all repairs on weapons except for the most complex. The FTU upgraded the departmental shotguns with lights and slings, and conducted department-wide training for this new equipment.

All firearms related training is conducted in the 16 position indoor range or the 21 position outdoor range. The indoor range targets have the capability of turning 180 degrees with a maximum distance of 25 yards.

THE IN-SERVICE TRAINING UNIT

Is responsible for the planning and developing of training programs including special programs as directed; preparing and distributing Training Bulletins; notifying agency personnel of scheduled training and other training available to members of the Department; selecting, advising, assisting and supervising instructors; and evaluating individual training programs.

Administration Bureau

RECRUITMENT UNIT

The human resources of any organization are usually its key ingredient for success. Employees provide the services, operate the technology, and manage resources and other employees. Employees are also the most unpredictable resources and often incur the greatest costs. These circumstances make the recruitment and selection of the right employee a matter of fundamental importance.

Recruitment is particularly important for the Rochester Police Department. In order to function properly, police services need to maintain high levels of trust and cooperation with other governmental agencies and with the citizens of Rochester. The selection of the right people as police officers is essential if public confidence in the integrity and effectiveness of the police services is to be established and maintained.

In 2010 the Department continued with the aggressive recruitment campaign in an effort to increase the number of qualified applicants to partake in our civil service exam. As a direct result of these efforts we once again had over 3,000 applicants for the civil service exam. In an effort to attract the most qualified and diverse applicants to the background process, we assigned those passing the civil service who were eligible for the agility tests a police mentor. This mentor called the applicants, invited them to agility workshops and gave them a point of contact for the Department.

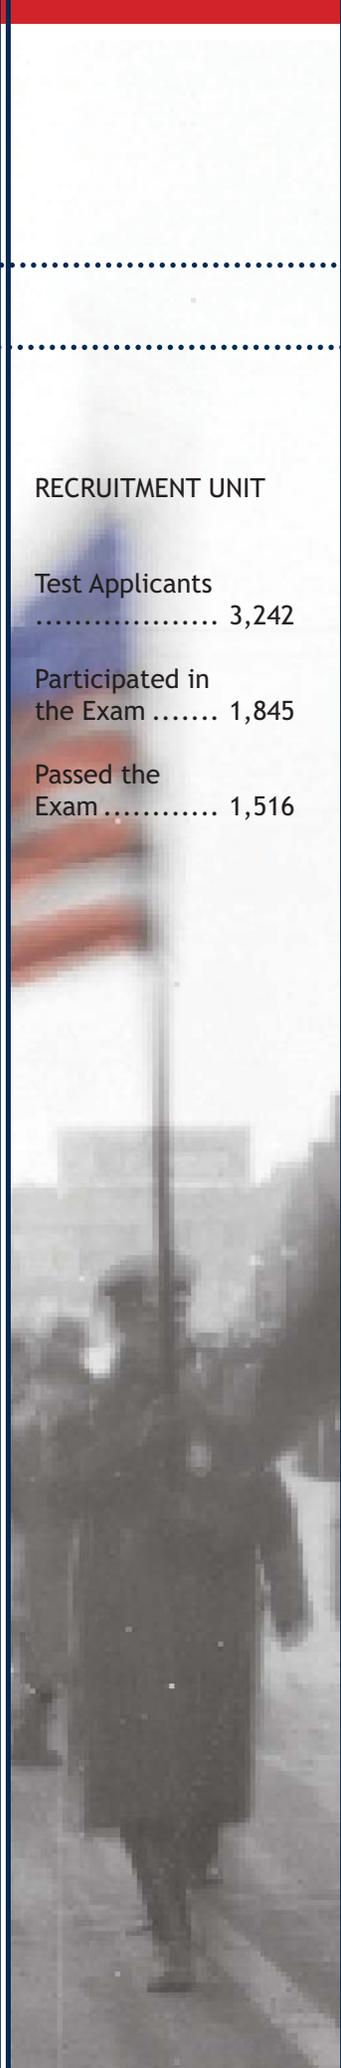

In 2011 the Recruitment Unit will be working with the newly established recruiter from BHRM to further increase the number of qualified candidates available to assist in making the Rochester Police Department more culturally diverse.

POLICE OVERT DIGITAL SURVEILLANCE SYSTEM (PODSS)/ VIOLENCE CAMERAS

In 2008, the Rochester Police Department announced another crime fighting tool used to increase the protection of our citizens and the safety of our officers. The City of Rochester purchased cameras that were strategically placed throughout the City based on criminal data developed. Technology has allowed us, through the use of surveillance cameras, to have an extra set of eyes on our streets. By the end of 2008, 50 surveillance cameras were installed throughout the City. Since then, additional cameras have been purchased. Currently there are over 125 cameras in operation throughout the City.

The PODSS center, located in the Public Safety Building, is staffed 24 hours a day with the purpose of monitoring any activity that appears to be suspicious in nature. Within the PODSS center, trained individuals have access to police radios and CAD terminals allowing them direct communication to police officers on the street.

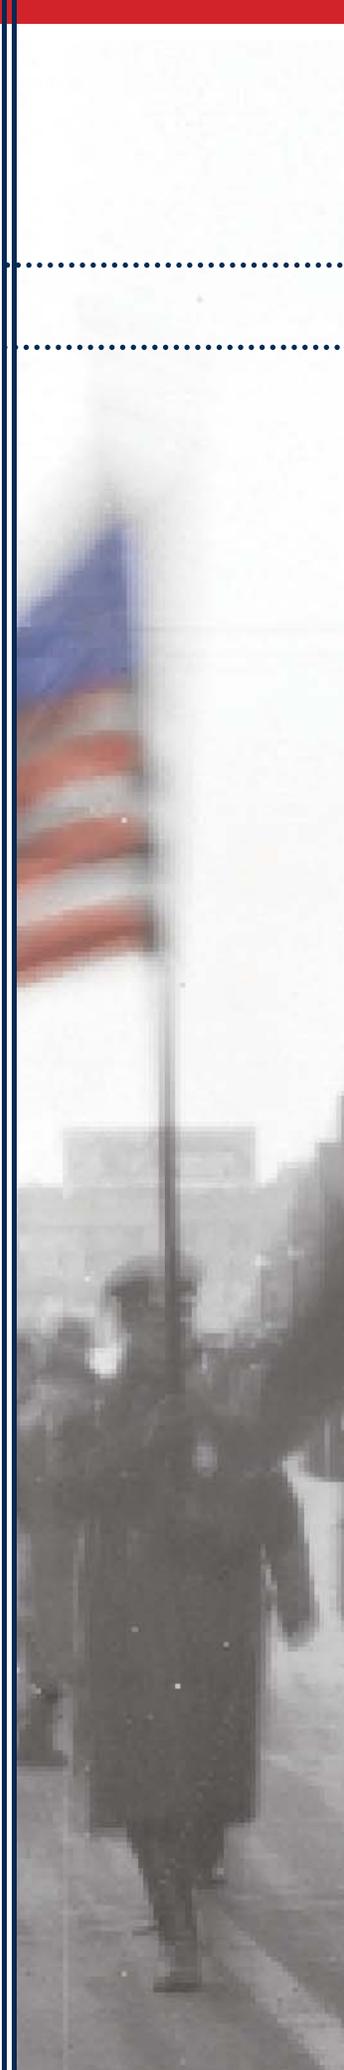

Administration Bureau

RED LIGHT CAMERAS

As part of Rochester's Red Light Photographic Enforcement Program which began in October 2010, cameras were installed at three intersections to help enforce the vehicle and traffic law. Currently there are 13 cameras located throughout the City. The cameras operate 24 hours a day and capture still and video images of vehicles in the act of a red-light violation, which will initiate the procedure to deliver a Notice of Liability to the registered owner of the vehicle. Cameras photograph only the vehicle and the license plate of vehicles running the red lights. No images of the driver or passengers are captured. Each set of images of a red light violation are reviewed and approved by the Rochester Police Department before a Notice of Liability is mailed. The violation is a civil matter and will not be reported to insurance companies or generate points on a driver's license.

PARALEGALS

Assist Department members with the preparation of selected Department forms, grand jury packages, and digital identification system viewing. This component also tracks felony cases submitted to the court system, grand jury referrals, and juvenile petitions prior to submission to court. The unit also prepares arrest warrant packages for crime victims.

Administration Bureau

2010 PART I OFFENSES

Part I and Part II Offenses are defined in accordance with the Uniform Crime Reporting Program, a cooperative statistical effort of more than 17,000 city, county, and state law enforcement agencies. Administered by the Federal Bureau of Investigation (FBI) since 1930, the Program's primary purpose is to generate reliable statistics for use in law enforcement administration and operation. The data, which has become one of the leading social indicators of our nation, is reported by the Rochester Police Department to the New York State Division of Criminal Justice Services, and is forwarded to the FBI.

CALLS FOR SERVICE

The Rochester Police Department tracks all services to the community by "Calls for Service", "Police Responses", and "Self-Initiated Activities". "Calls for Service" are 911 calls dispatched by the Emergency Communications Department (ECD). A "Police Response" occurs each time an additional unit provides service at a given scene. As one call for service may result in multiple units in response, the number of responses is likely to be greater than the number of calls for service. "Self-Initiated Activity" is an event the officer comes across on the beat or initiates.

ECD assigns each specific incident a Crime Report number. The "CR" number is a unique number assigned to each event by which all reports, tickets, arrests, etc. can be traced. When one needs to refer back to a given incident, searches can be conducted by entry of the CR number, as well as the date or location of the incident. These retrievals are performed in the RPD Police Activity Tracking System (PATS), an in-house computer application that maintains data on all RPD activity and responses transferred from ECD to the RPD Informations Systems Unit.

HIGHLIGHTS OF 2010

DEPARTMENTAL AWARDS

Every year the Rochester Police department recognizes members of the Department for their outstanding actions or exceptional performance by presenting an array of awards, including Officer of the Month, Unit Commendation, Purple Heart, Distinguished Service, Community Service, Henry Jensen Memorial and Rev. Dr. Samuel McCree Community Service Awards. This year, three new awards were also presented - Citizen of the Year, Civilian Employee of the Year and Officer of the Year.

The Citizen of the Year award may be presented to any citizen or community organization in recognition of their outstanding commitment to the RPD, their leadership within the community or their desire to make a positive impact in the City of Rochester. Such commitment can be demonstrated in a single act or in a series of acts that focus on advancing the goals of the RPD. Paul Berger received this award in 2010 for his actions in aiding Officer Daniel Brochu when he was shot and wounded in a 2009 incident on Driving Park Avenue.

For the Civilian Employee of the Year, the Chief will select a civilian employee who has exhibited conduct above and beyond the call of duty and/or has provided meritorious service for that year based upon recommendations submitted by the members of the Department. This year the award was presented to Jessica Plumley of Technical Services Section, who was recognized for her efforts regarding DNA collection for the Department.

The Officer of the Year Award is selected by the sworn members of the Rochester Police Department, and honors a single Police Officer who

has fulfilled some, if not all, of the following criteria: an officer that demonstrates dedication to the job and to the community, frequently ranks amongst the highest in performance in his or her platoon or unit, is seen as an informal leader by his/her peers, consistently goes the extra mile to assist members of the community during the course of duty, makes diligent pro-active efforts and/or documented intelligence which culminate in the advancement of the Department's goals and objectives, consistently gives back to the community both while on-duty and when off-duty, is frequently receiving positive citizen contacts and continuously develops skills to advance as a Police Officer. Officer Brian Cala was the first proud recipient of this extraordinary award.

RPD PHOTOS AND HISTORY BOOK

In the fall of 2010, the Rochester Police Department teamed up with a photography company to capture a bit of its history. Most members of the department and many of the sections, units and special teams were photographed. All of the individual portraits were used to create a composite photograph for each Division or Section of the Department and were also available for purchase by our members. Many of these photographs will also be included in the 2011 Rochester Police Department History Book. This book will contain approximately 400 pages covering the Rochester Police Department's history with over 1100 photographs. The last Rochester Police Department History Book was published 100 years ago. Several current and former members of the Department have spent numerous hours on this project to ensure its success. The book should be completed by the summer of 2011.

(HIGHLIGHTS OF 2010 CONT'D.)

DOMESTIC VIOLENCE

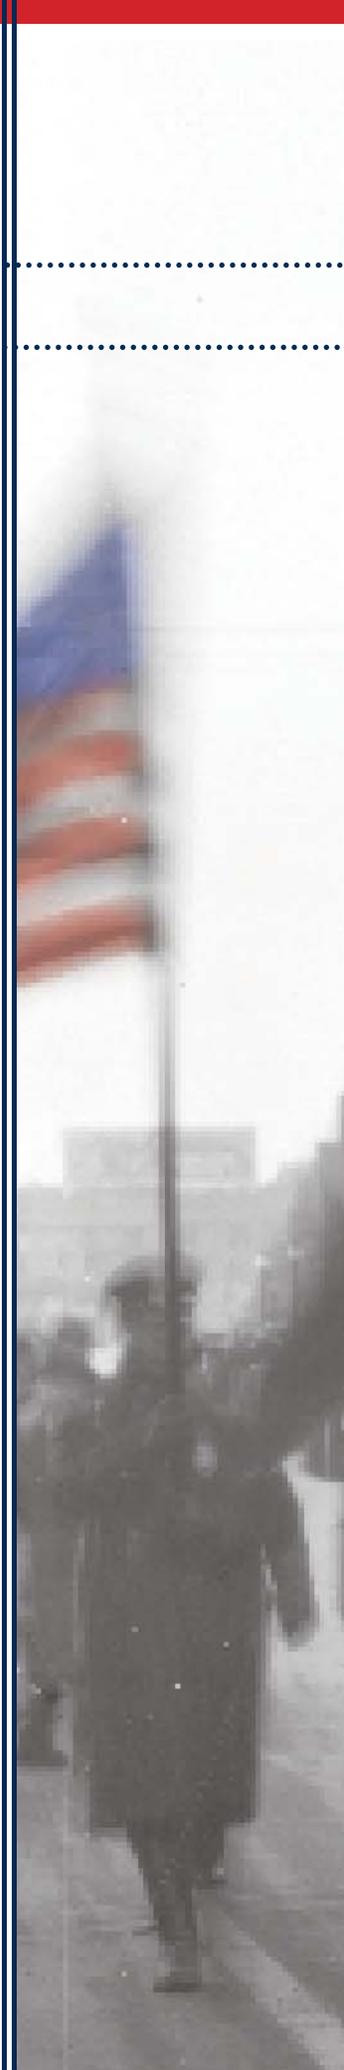

Domestic violence is a critical issue that has a far-reaching impact on the Rochester community. The Rochester Police Department (RPD) has a demonstrated commitment to work collaboratively with our community and law enforcement partners to positively impact the services to the victims of domestic violence. Last year, the RPD responded to over 45,000 domestic violence calls. Each call is an opportunity for us to stop the cycle of abuse. All victims of domestic violence should receive prompt and professional service from members of the RPD.

RPD undertook several initiatives that were the result of the collaborative efforts of the internal domestic violence committee and members of the Rochester/Monroe County Domestic Violence Consortium (DVC). Those initiatives include the new web page in the RPD section of the city website that provides information for victims of domestic violence and where to turn for help (www.cityofrochester.gov/domesticviolence). This web page is intended to encourage victims, as well as their family members, friends, co-workers and neighbors, to seek help from the RPD and our partnering agencies to put a stop to domestic violence.

Additionally this year, RPD and the DVC secured grant funding for a Domestic Abuse Response Team (DART). This team is part of the DVC's Grants to Encourage Arrests (GTEA) which is a coordinated community response to domestic violence. The grant funds teams of RPD officers to identify chronic perpetrators or high risk victims, to proactively arrest offenders and to aid the victims of domestic violence. The team also works with our partners in probation, Alternatives to Battered Women (ABW), Victims Assistance, Legal Aid and the District Attorney's (DA's) office. The emphasis is on suspect accountability and safety for the

victims of domestic violence. The grant also funds a part time victims assistance counselor, an advocate for the DA's Office and a probation officer. Members of the RPD Emotionally Disturbed Response Team were also selected and trained in current domestic violence issues and laws. The members of the DVC also conducted numerous training sessions for the DA's Office, Legal Aid, Monroe County Family Court, and our community partners such as ABW and SAFER. RPD Officers along with representatives from various Monroe County Law Enforcement agencies conducted enhanced in-service Domestic Violence Training for Monroe County Law Enforcement agencies, sharing our domestic violence film, Even in our Families. Three of our domestic violence instructors received Federal Law Enforcement Training Counsel (FLETC) domestic violence training and certification.

RED LIGHT CAMERAS

Across the country, red light cameras have helped modify driving behavior, resulting in drivers being more cautious and attentive. In an ongoing effort to reduce motor vehicle accidents and related injuries, the City of Rochester has installed Red Light Cameras at intersections with frequent red light violations and accidents.

As part of Rochester's Red Light Photographic Enforcement Program which began in October of 2010, cameras were installed at three intersections to help enforce the vehicle and traffic law. The intersection locations were selected based upon accident data and video surveys conducted by Redflex Inc., the company that is managing the program for the City. Currently there are 13 cameras installed and we anticipate that there will be at least another 30 installed throughout the City of Rochester in the future.

About the Department

(HIGHLIGHTS OF 2010 CONT'D.)

The cameras operate 24 hours a day and capture still and video images of vehicles in the act of a red-light violation, which will initiate the procedure to deliver a Notice of Liability to the registered owner of the vehicle. Cameras photograph only the vehicle and the license plate of vehicles running the red lights. No images of the driver or passengers are captured. Each set of images of a red light violation are reviewed and approved by the Department before a Notice of Liability is mailed. The violation is a civil matter and will not be reported to insurance companies or generate points on a driver's license.

For the months of November and December, 2,043 Notices of Liability were issued for violations at three intersections. 662 fines were paid after the first Notice of Liability resulting in revenue of \$26,225. Expenses during this time were \$35,083.

About the Department

THE "DO THE RIGHT THING" PROGRAM

Began in Rochester in 1996, and was adopted from a similar program in the Miami Police Department. The program's goals are to reinforce socially desirable behavior, to demonstrate that "good kids" are newsworthy, and to foster positive relations between young people and police officers.
