

Private Family Lot

Private family lots are available throughout the cemetery. Full body and cremated remains may be interred in the lot. Multiple interments are allowed in any grave space up to a maximum of two full body and four cremation burials. The choice to use the grave solely for cremation interment is allowed. An additional right of interment fee is assessed for cremation interments after one or more full interments are made. The fee is also applicable for subsequent cremation burials in cases where a grave is used solely for cremated remains.

Private Family Estates *at Mount Hope Cemetery*

*Proud to Have Served Rochester's Past
Honored to Serve Its Future*

Where Do You See Yourself in 100 Years?

*M*ount Hope has been serving the Rochester community for nearly 175 years and has been committed to providing unique interment options. In keeping with this tradition, the cemetery offers family estates for private mausoleums, crypts and burial lots. An estate affords the ability to personalize a space, including the placement of benches and landscaping. Securing a space for family members to be interred close to one another is a special way to commemorate and honor their lives for the generations that follow.

Private Mausoleum

*M*ount Hope currently has 82 mausoleums on its grounds and expects the construction of two additional in 2012.

The cemetery works with a prospective client to select a desirable location for erection of a mausoleum. The land is purchased from the cemetery before construction. The mausoleum design and structure are purchased and constructed by a third party at the discretion of the purchaser and approval of the cemetery. At the time of construction, a private trust is established in an amount equal to 15% of the construction cost for the permanent upkeep of the mausoleum.

Private Family Crypts

*P*rivate family crypts are structures installed for above-ground interment. Unlike a private mausoleum, crypts do not have walk-in vestibules. Crypts may be personalized in design and accommodate as many family members as desired. Crypts may be purchased from Mount Hope or a third party at the discretion of the purchaser and approval of the cemetery. The land is purchased from the cemetery before the installation of the crypts.
