Division of Cemeteries

## **Traditional Ground Burial Options** *at Riverside Cemetery*

*A Natural Place of Lasting Peace*

## Where Do You See Yourself in 100 Years?

*Riverside has been serving the Rochester community for nearly 120 years. The cemetery has ample space to inter future generations and offers traditional ground burial options for full body and cremated remains.*

### **Full Grave**

Family plots and single graves are available throughout the cemetery. Multiple interments are allowed in a grave space up to a maximum of three; either one full body and two cremation burials, or three cremation burials. An additional right of interment fee is assessed for the second and third burials in a grave space.

### **Double-depth Grave**

Riverside offers a select number of graves that allow for two full body burials. Double-depth graves come all-inclusive with two burial rights per space, along with a flat marker. At the present time, these graves may be purchased at the time of need, only.

### **Cremated Remains**

Traditional grave space specifically sized for the burial of cremated remains is available in various cemetery sections. In addition, the Garden of Remembrance allows for the burial of cremated remains in a wooded area that affords natural boulders to memorialize loved ones interred in the garden.
