Mission Statement

The Emergency Communications Department serves as the vital link between the citizens and public safety agencies of the City of Rochester and the County of Monroe.

We strive to collect and disseminate all requests for service in a prompt, courteous, and efficient manner for all our customers.

Through our actions, we help save lives, protect property and assist the public in their time of need.

Introduction

The Emergency Communications Department (ECD) serves as the consolidated Public Safety Answering Point (PSAP) for the Rochester-Monroe County, NY area, serving a population of over 740,000. As declared in our Mission Statement, “Through our actions, we help save lives, protect property and assist the public in their time of need.”

ECD provides dispatching services for 16 Police Departments, 46 Fire Departments, and 32 Emergency Medical Services Agencies. In 2011 the ECD received 1,099,131 calls and processed 1,245,820 CAD events for these agencies.

The ECD is rather unique in its composition within local governments. It is an agency of the Rochester City government, yet provides service throughout Monroe County. This is accomplished through a renewable 10 year contract between the City of Rochester and Monroe County, with each entity providing portions of the total configuration. For instance, Monroe County provides all radio, telephone and computer equipment while the City of Rochester provides and maintains the building in which the PSAP is located. This serves as a model for intergovernmental cooperation towards public safety.

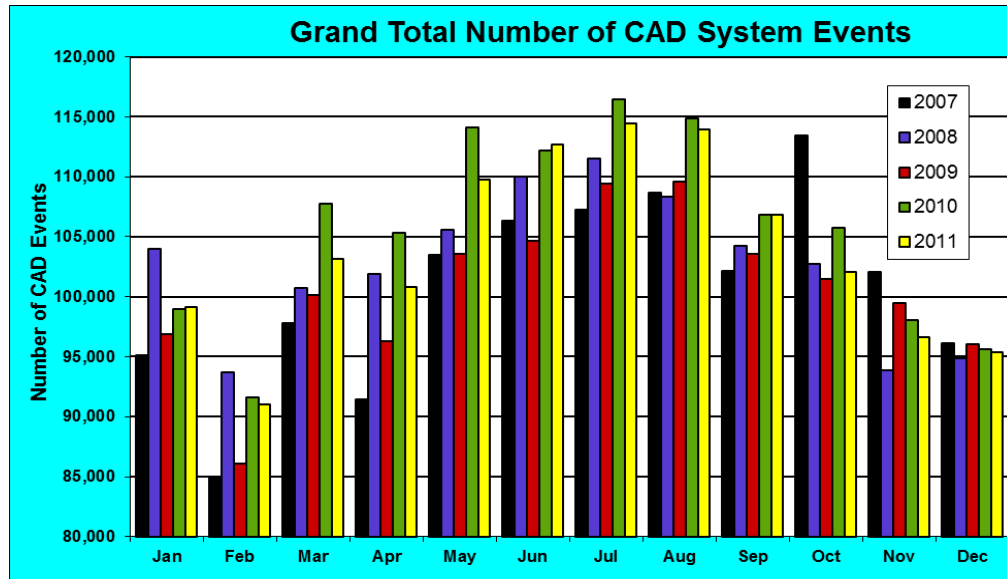

The ECD operates with a staff of 198 employees, with 179 being assigned directly to PSAP operations. All operations personnel have a minimum training level of APCO Telecommunicator and are certified as Emergency Medical Dispatchers by the National Academy of Emergency Dispatch. New employees receive an average training of four months for Telecommunicators and six months for Dispatchers before being allowed to perform on their own. There are 35 positions at the 3-1-1 Center.

In July of 2011, the 3-1-1 Call Center was transferred from the direction of the Budget Bureau to Emergency Communications. The Call Center, situated on Mt. Read Boulevard, is now under the administration of the 9-1-1 Director.

Effective interaction with other public safety agencies is critical to the protection of life and property. In order to accomplish this goal, the ECD is an active member of the following organizations:

- Monroe County Law Enforcement Council
- Monroe County Fire and EMS Advisory Boards
- Monroe County Emergency Medical Services Advisory Board
- Monroe County Local Emergency Planning Committee
- Monroe County Steering Committee for the National Incident Management System (NIMS)
- Monroe County Health Department Public Information Committee for Pandemic Preparation
- Monroe County Fire/EMS Communications Board
- Monroe County 9-1-1 Operating Practices Board
- Monroe County Fire Chief's Association
- Monroe County Local Emergency Planning Committee
- Monroe County Domestic Violence Consortium
- Port of Rochester Security Committee
- ECD/RPD Committee
- Monroe County First, Second, Third, Fourth and Fifth Battalions
- NYS 9-1-1 Coordinators Association, Director Merklinger currently serves as President
- NYS Interoperable & Emergency Communications Board, Director Merklinger is a member
- NENA, Director Merklinger served as President of the New York State Chapter
- Association of Public-Safety Communications Officials International
- E-9-1-1 Institute, Director Merklinger served on the Board of Directors
- NAED Police Council of Standards
- Urban Area Working Group
- RPD Weekly Crimestat Meetings

3-1-1 Statistics

- Total 311 calls 461,010
- Calls answered 429,631
- Calls answered 93.2%
- Abandoned rate 6.5%
- Average wait time 18 seconds
- Average talk time 1.45 minutes

Agency and Employee Accomplishments

- The ECD was the first PSAP in New York State to be accredited by the Commission on Accreditation of Law Enforcement Agencies (CALEA) and maintains that accreditation today.
- The first two Emergency Number Professionals (ENP) in New York State were from ECD. Currently, we have five of the ten in the state.
- The ECD was the first agency in New York State to be certified as a Center of Excellence by the National Academy of Emergency Dispatch (NAED).
- The ECD was the first PSAP in New York State to obtain college credit from the State University of New York for training provided to its employees.
- On five occasions, ECD employees have been recognized as New York State EMS Communications Specialist of the Year.
- Since initiating the emergency medical dispatching program, ECD has assisted with the birth of 139 babies.
- The ECD serves as a training center for the American Heart Association (AHA). This involves overseeing 42 CPR Instructors at six training sites throughout the region. This resulted in the training and issuance of 844 CPR certifications in 2011.
- ECD recognizes that stress management during critical calls is important to the welfare of employees. ECD has an internal team of 16 specially trained Peer Facilitators to debrief employees after a critical call. Should further intervention be warranted, a referral to the Employee Assistance Program is made.
- 2011 saw the 25th Anniversary of 9-1-1 service in Rochester/Monroe County.
- In 2011 Kathleen Lambert won the EMS Communications Specialist of the Year Award from New York State.
- ECD was re-accredited by the New York State Sheriffs Association for another 5 years.
- ECD Director Merklinger continues to serve as President of the NYS 9-1-1 Coordinators Association.
- Operations Manager Stephen Cusenz was promoted to the position of Deputy Director after former Deputy Director Craig Johnson's retirement.
- Supervisor Tina Carson was Promoted to Operations Manager to fill S. Cusenz' position.

Agency Goals for 2011

General Operational Goals:

- Complete PC and monitor replacement of all computers at ECD in preparation for CAD changeover in 2012.
- Install monitor arms at all positions to hold all the new monitors.
- Upgrade wiring at all positions for the PC replacement.
- Label all network wiring, monitors and cabling as part of the computer project.
- Continue to train as ECD picks up additional dispatch duties for various Fire and EMS agencies.
- Monroe County is finalizing plans for the new Reaction and Monitoring Center at the Airport. It has gone from being an idea two years ago to a definite process. The Airport is already taking steps to move their internal Emergency Operations Center from the Main Terminal to the new building before the Air Show this summer. By the time it is complete we will have a new 911 Backup Facility with identical technology to what we have here along with much more room than what is at Radio Center.
- Prepare for CAD training in 2012 for all ECD staff.
- The CAD Replacement Team will be supplemented by Power Users and Trainers in preparation for the cutover. We are in the process of replacing all PC's and monitors in preparation for new CAD along with the need to switch from XP to Windows 7.
- A new digital recording system will be installed over the next few months since the current system is no longer supported by the vendor.
- We anticipate providing dispatch services for Brockport Fire and Ambulance. Additionally, dispatching for the Fishers Fire Department will be turned over to Ontario County.
- We are working on our re-accreditation from the New York State Sheriff's Association along with maintaining our Center of Excellence status with the National Academy of Emergency Dispatch and increase compliance scores.
- Due to interoperability requirements along with limited ability to obtain new radio channels, we anticipate a greater need for use of MCU-1 and our team of Dispatchers that staff the Unit.

Training:

- Conduct new hire classes as staffing dictates.
- Conduct additional CTO Training.
- Keep lesson plans updated to meet NYS Standards.
- Identify videos/tapes to be converted to new media.
- Encourage employees to utilize FEMA website for on-line training.

Public Awareness:

- Letter to American Red Cross asking to have a team member lecture at their babysitting class.
- Expand the City of Rochester web-page or create a new link for public education purposes.
- Create a virtual presentation.
- Re-word letter to schools and User Agencies if web-site and virtual presentation pan out.

Peer Facilitators:

- Locate and utilize videos/books/magazine articles to supplement and/or replace training sessions.
- Attend more CISM training programs to be better equipped at conducting training sessions.
- Continue to provide training sessions and mentors for new hires.
- Explore ways to better facilitate reentry into regular dispatch duties after handling a major event.
- Continue to offer employees training and programs that will boost wellness. Maintaining overall wellness is one of the primary ways to thwart stress.
- Establish a confidential way of tracking defusings in a survey format.

CAD:

- Work with EMD QIU in identifying and adding premise warnings for LVAD (Left Ventricular Assist Device) patients who live in Monroe County. There are already several dozen entered.
- Continue to assist Research Division with CAD questions related to information needed for court cases.
- Continue to work with the various Police, Fire and EMS User Agencies to ensure their files, run cards, tow districts, etc. are correct in CAD.
- Work with Frontier, Intrado, Verizon and Time Warner plus all other cellular carriers to ensure the data they send is up-to-date.
- Continue working with the CAD Committee, Public Awareness and Peer Facilitator Committee.

The National Incident Management System (NIMS):

- Maintain an active role with the NIMS Steering Committee.
- Have all recently promoted Supervisors complete NIMS 300 by end of 2011.
- Have Supervisors attend NIMS 400 level training as classes and staffing permit.
- Continue employee training as stated above.
- Monitor for changes in NIMS and implement as needed.

Emergency Response Plan:

- Complete annual employee retraining at a future shift meeting.
- Continue to provide training during new employee classes.
- Conduct annual review and update of plan.
- Develop exercises in 2011. Determine if efforts of the County's Exercise Coordinator can be used to accomplish this.

Emergency Medical Dispatch:

- Completion of NAEMD Center of Excellence Reaccreditation.
- Active participation in the CAD Project.
- Thrive AND Survive:
 - Original QIU established under guidelines established in the consultation process with PDC started with 3 positions (based on 1995/96 call volumes – we are currently at 2).
 - Call volumes have continued to rise each year;
 - Expectations of QIU and its functions have expanded. CPR program has grown from 250 cards to 1,000 cards per year.
 - Brainstorm with management to manage these challenges in a difficult budgetary environment.

Accreditation:

2011 is an accreditation year for ECD so the team will be busy prepping for the NYSSA Assessment which takes place in June 2011.

- January – April File Preparation
 File Maintenance
- April Mock Assessment
- April – June Correct Deficiencies
- June NYSSA Assessment

2011 Employees of the Month

January:	Suesan Melia
February:	Thomas Mills
March:	Christine Gleisle
April:	Susan Romano
May:	Not Available
June:	Not Available
July:	Jackie Metz
August:	Daniel Zimmer
September:	Cory Bradley-Phillips
October:	Bill Evans
November:	Andrew Shepard
December:	Phillip Tomasso

ECD 25th Anniversary Committee (from left to right):
Arnold Eckert, Craig Johnson, John Merklinger, Christopher Martin, Thomas Roche, Kristin Holden, Frances Grillo, Richard Kirby and John Cassin.

Agency Goals for 2012

General Operational Goals:

- Continue to improve the level of service we provide using our EMD ProQA Protocol.
- As an organization, we continue to improve our training program to ensure the best possible employee!

Training:

- Ensure 12 each of the following:
Public Safety Group (PSG) Articles, ISTT: In-Service Training Team Exercises.
Emergency Medical Dispatch - Continuing Education, Supervisor In-Service Training.
- Improve Record Keeping: Tracking, Training & Database Entry Compliance.
- Improve Participation in Training Opportunities .
- Conduct full scale 9-1-1 disaster drill in the second quarter of 2012.

Public Awareness:

- Expand City of Rochester web page or create new link for public education purposes.
- Virtual Presentation* (by mid year if website project reconvenes).
- Re-design Red E. Fox Facebook page and establish page administrator.

Peer Facilitators:

- Explore survey results, especially ways we can provide better follow through.
- Training class for prospective new members.
- Survey current members specifically addressing desire to remain on the team.

CAD:

- Continue to work with the various Police, Fire and EMS user agencies to ensure their files, run cards, tow districts and so on are correct in CAD and give the best customer service to them. Continue to work with Frontier, Intrado, Verizon and Time Warner plus all the cellular carriers to make sure the data they send us is up-to-date.
- Continue to work with Research Division with CAD related questions for any subpoena requests they have.
- Continue working with the CAD Committee, Public Awareness and Peer Facilitator Committee and GIS division to ensure our GIS files are accurate.

The National Incident Management System (NIMS):

- Continue to have all employees certified NIMS100/700.
- Have all Supervisors certified NIMS 200/800 with optional NIMS 300/400 (Mandatory for Management).
- Maintain an active role with the NIMS Steering Committee.

Emergency Response Plan:

- Review annual Plan and update as needed.
- Schedule annual refresher training for all employees in April 2012.
- Conduct tabletop exercise in March 2012 and drill in May 2012 (to include full activation of backup facility).

Emergency Medical Dispatch:

- Reaccredited as Center of Excellence.
- Complete all ProQA and CPR training including the new review process.
- Complete work on EMS/EMD CBRN preplan including training for EMD's.
- Complete install of ProQA on existing NG CAD system.

Accreditation:

- Continue to update CALEA and NYSSA folders.
- Insure 100 citizen surveys go out every month.
- Maintain compliance through annual reporting and file maintenance.

Wellness:

- Allocation of resources to health and wellness-tv in weight room, bulletin board, etc.
- Create an agenda of health and wellness activities based on employee survey results.
- Develop wellness website on City employee Eportal.

3-1-1:

- Computer Telephony Integration (CTI).
- New voice and desktop recording system.
- Pilot mobile program.
- New telephone system for use at 3-1-1.
- Expand opportunities to increase 3-1-1 services.

Training Report

In Service Training Team (ISTT) Topics for 2011:

September	Animal Control Policies
October	Annual CALEA Training
November	Cold Weather Policies
December	County Technology Use

Public Safety Group (PSG) Topics for 2011:

January	You can quote me
February	Liability issues
March	Child callers
April	Professionalism
May	TDD/TTY
June	Complacency
July	Stress Management
August	Alphabet soup
September	Dispatching during disasters/Mass Casualty incidents
October	Controlling the call and other basics
November	Workplace issues-conflict resolution, Shift work and dealing with others
December	High risk calls & Gangs

Supervisor Training:

City E-Portal Review
Communicating With Tact & Diplomacy
Conflict Management
Controversy In the Comm Center
Creating A Diverse & Inclusive Workplace
Drug Testing Procedure Review
ECD Emergency Response Plan Review
FEMA Deployment Basics
FEMA Emergency Alert Systems

GINNA Drills
ICS Review & Forms Training
Internal Notify Review
Mutual Aid Response Partners
Performance Management
Radio 101
Strategic Thinking
Urban Search & Rescue

New Procedures Issued in 2011:

11.01 Petty Cash Procedure
11.02 Spin 9-1-1 Program

Conferences, Workshops and Seminars:

- Active Shooter Awareness Seminar
- ArcGIS Desktop II: Tools and Functionality
- CALEA Conference
- CBRNE Awareness Training
- Call Center Manager Certification Program
- Disaster Ops & The Comm Center
- EMD Instructor Updates
- Filling the Seats in Your PSAP
- Greater Rochester Regional Mutual Aid Plan Review/Exercise
- HSMI National Conference
- Incident Command System 300
- Incident Command System 400
- Incident Dispatch Training
- Incident Command System Planning Section Chief
- Leadership Academy
- Management of Aggressive Behavior
- NCMEC Missing Kids Project
- NENA Conference
- NENA- COOP Plans for PSAPs
- NJIT Tert Training
- Poison Control Presentation
- Police Psychological Examinations
- Public Information Officer Awareness Course
- Situational Leadership
- STEP Conference
- Strategos Project Management
- Terrorism Awareness
- Wildland Skills Training

On Line Training Received through Emergency Management Institute (FEMA):

IS-001 Emergency Program Manager
IS-100 Intro to ICS

Ride-Alongs:

36 with Police, Fire and EMS

"Ride-along" means to be an official passenger in a public safety vehicle, accompanying police, fire or ambulance personnel during part of a normal tour of duty. The primary purpose of a ride-along is to provide important insight for the employee to see firsthand what happens on the other end of the radio. Participants complete an evaluation form at the conclusion of the ride-along to aid the department in monitoring the program's effectiveness. The ride-along program fosters a better understanding of the symbiosis between 9-1-1 and the agencies for which we dispatch.

PSG Topics for 2012:

January	Computer Crimes
February	Multi-Tasking
March	Shots Fired Officer Down
April	Structure Fires
May	Elderly Callers/Silver Alerts
June	Call Taking Do's & Don'ts
July	Responder Attitudes
August	Ethics/Becoming a More Productive Employee
September	Plane Crashes
October	Morale
November	Sovereign Citizens / Terrorism Update
December	Excited Delirium

Computer Aided Dispatch System (CAD)

CAD Related Updates:	# of Updates:
Internal Directives Issued	30
SPR's Completed	1,051
ANI/ALI Discrepancies	132
New Streets Added to CAD	31
Run Card Updates	(EMS) Nearly Every Agency
	(FIRE) Nearly Every Agency

- In January, all mall emergency contacts were entered with files created in the database for Dispatcher use. Also in January, unit numbers were entered into CAD to designate State Police K9 units.
- In February, in response to a request by the St. Paul Fire Dept. for a total revamp of the EMS calls they went on as well as a request for a special EMS group for their responders, all EMD codes were either updated or added, along with FRL updates for each code, pager and unit file updates. Also in February, West Webster ambulance changed their commercial ambulance contract to Rural Metro necessitating numerous changes.
- In March, all Border Patrol and Customs Enforcement units both with their car numbers and their Marine Interdiction Units were entered into CAD. Plus, tone tests on a weekly basis began for the 3rd Battalion County Rope Team and the 5th Battalion Water Rescue Team. This was a culmination of work between ECD and Radio Center, getting the correct pager file updates, adding them to CAD and then multiple tests to make sure all the correct people got notified. Also in March, a unit number and new cap codes were added for Penfield fire for their line officers in the event of a water problem in the town.
- In May, Brighton Fire had updates to the EMS codes they wanted to go on which resulted in numerous TYP and FRL updates.
- In June, the Commissioner from the North East Joint Fire District requested his entire district have updated box numbers. This resulted in a manual update of 471 individual run cards.
- In July, the Ambulance Sign On Page was instituted, allowing the EMS agencies we serve to status the rigs they have in a viewable format for dispatch by ECD. Also in July, Fairport Fire requested numerous updates to the EMD codes they respond on which resulted in numerous EMD TYP file and FRL changes.
- In September, the Commissioner of the Penfield Fire District requested a total rebuild of his agencies' box numbers. This resulted in 531 manual run card updates, along with numerous BLK, STRU and INTR file updates.
- October, November & December was behind-the-scenes work for RFD in reorganizing flows, removing equipment, adding units, updating BLK files, FRL's for the final phase of their reorganization that took place on January 18th, 2012.

Public Awareness Report

OUR MISSION

The 9-1-1 Public Awareness Team is a dedicated group of employees who strive to educate the citizens of Monroe County on the proper use of the 9-1-1 system. The goal of this program is to increase the community's understanding of the activities and roles of this agency and increase the public confidence.

Public awareness and education about the 9-1-1 system is essential to a successful operation. The ECD accomplishes this through the activities of its Public Awareness Committee. The 26 member committee is responsible for presentations at schools and community events along with tours of the 9-1-1 Center. The distribution of educational material such as pamphlets and activity books on the proper use of 9-1-1 has been well received.

In 2011 we were invited to 2 very large programs that reached several thousand citizens (approximately 10,500)-our attendance at these events continues to be a means of creating a large contact base for other organizations and community groups.

- Rochester Red Wings- 2 events-approximately 5,000 people each
- Step Conference- 2 days-approximately 500 people

Public Awareness Stats

RED E. FOX:

In 2008, 9-1-1 welcomed Red E. Fox as our new official public awareness mascot. In 2011, Red was busy with his public awareness duties. Every year hundreds of thousands of calls are received at 9-1-1 Centers across the country and many of these callers are young children, some of whom may be frightened and alone. Unfortunately, they are also unfamiliar with what to do & say once they have reached the 9-1-1 dispatch center. Red E. Fox aims to educate primary grade school children in our local area on when to call 9-1-1, how to call 9-1-1, and what to say when calling. He has traveled to many public awareness functions and public events to get the word out to children. He has become so popular we have purchased a second costume to use when we have multiple requests. He also has a Facebook page which explains his mission, shares photos and updates, and offers ways to contact him for invitations to other events. Events he has been to include Rochester Red Wings and Rhinos games, various Fire Department Open Houses, and the Lilac Festival Parade to name a few.

We also have a talking Red E. Fox robot which has been very well received.

Here is Red E. Fox with a friend at the Lilac Parade.

The National Incident Management System (NIMS)

ECD continues to be an active member of the Monroe County NIMS Steering Committee. The Committee serves as a central coordinating body for NIMS training, resource typing, and NIMSCAST. ECD requires NIMS 100 & 700 as part of the new employee academy. Persons in the position of Acting Shift Supervisor and above are required to complete NIMS 200 & 800. All Managers along with a number of Supervisors have completed NIMS 300 & 400.

Western Region Emergency Management Assistance Team (EMAT)

The Office of Emergency Management is active in the development of a Western Region Emergency Management Assistance Team. Those with NIMS 300 and above are eligible to apply for membership. This team, once fully operational, could be activated to assist with major incidents anywhere in western New York State. If activated, the local response would likely include the Mobile Communications Unit. ECD Managers have volunteered to participate in this team and have participated in training since 2008.

Emergency Response Plan

An annual refresher training was scheduled for all employees in April 2012. A tabletop exercise was held in March 2012 for available Managers and Supervisors with a video made for review by those unable to attend. All new employees received classroom training in the Plan and a tour of the backup facility and alternate backup facility.

Medical Emergency Response Team (MERT)

The ECD is a 24 hour/7 day a week operation consisting of 198 employees and medical emergencies do occur without warning. The ECD MERT Team is available to deal with these emergencies. Equipped with a trauma bag, oxygen, spinal immobilization equipment and an Automatic External Defibrillator (AED); they respond whenever emergencies occur. The Team is also available to assist employees with routine items such as blood pressure monitoring and supplying band-aids for everyday scrapes and cuts.

Peer Support Facilitator Program

OUR MISSION:

The Peer Support Facilitator Program strives to provide employees with a means to recognize, moderate, and reduce stress buildup before it elevates to a critical level.

OUR SCOPE:

Peer Facilitators offer conversational support to employees in times of stress and conflict. Where needed, Facilitators may refer an employee to the EAP program for professional help.

Accreditation Report

CALEA (Commission on Accreditation for Law Enforcement Agencies):

ECD continues to maintain compliance with the standards set forth by the Commission to maintain our accreditation.

NYSSA (New York State Sheriff's Association):

Our NYSSA Accreditation is valid for a five-year period which formally commenced in June 2006 at our award presentation. The NYSSA (PSAP) Accreditation Program consists of 70 standards. We must file a Letter of Continued Compliance with these standards to NYSSA annually. The files are updated with proofs each year.

Citizen Surveys:

1,100 Mailed
242 Returned (22%)
4 Follow up calls requested

Average Ratings (highest possible of 4):

Q1 - How prompt was the call answered: 3.7
Q2 - Attitude/Helpfulness of the call taker: 3.8
Q3 - Knowledge of the call taker: 3.7
Q4 - Courtesy of the call taker: 3.8
Q5 - Overall satisfaction with the call taker: 3.8

In June, 2011 we submitted our annual report in compliance with NYSSA.

In July, 2011 we had a successful onsite with NYSSA Assessors and were Re-Accredited

The next CALEA on-site is August of 2013.

Emergency Medical Dispatch Report Quality Improvement Unit (QIU)

2011 Compliance Scores for Accreditation:

(Standard needed is in parenthesis)

Case Entry	95.06%	(95%)
Key Questions	94.29%	(90%)
Pre-Arrival Instructions	89.04 %	(95%)
Post-Dispatch Instructions	96.08%	(90%)
Chief Complaints	93.84%	(95%)
Coding	94.40%	(90%)
Total	94.91%	(90%)

Projects and Committees QIU is involved with:

Medical Dispatch Review Committee	Society for Total Emergency Programs
ECD Peer Facilitators	Priority Dispatch Police Council of Standards
CAD Committee	Do the Right Thing Nominations
Medical Emergency Response Team	NAED Police Curriculum Board

Professional Development Conferences attended by QIU:

- Navigator Conference
- EPD Instructor Update
- Society for Total Emergency Programs Conference
- Certified ProQA Instructor

Special Events:

- Emergency Medical Dispatchers delivered 9 babies.
- Emergency Medical Dispatchers had 8 confirmed CPR/choking saves.

EMD Training:

The QIU staff certified/recertified 60 employees in Emergency Medical Dispatch and created monthly Continuing Dispatch Education tests which are taken by all ECD employees. Each EMD is required to complete 24 hours of continuing dispatch education credit every two years.

Monthly training:

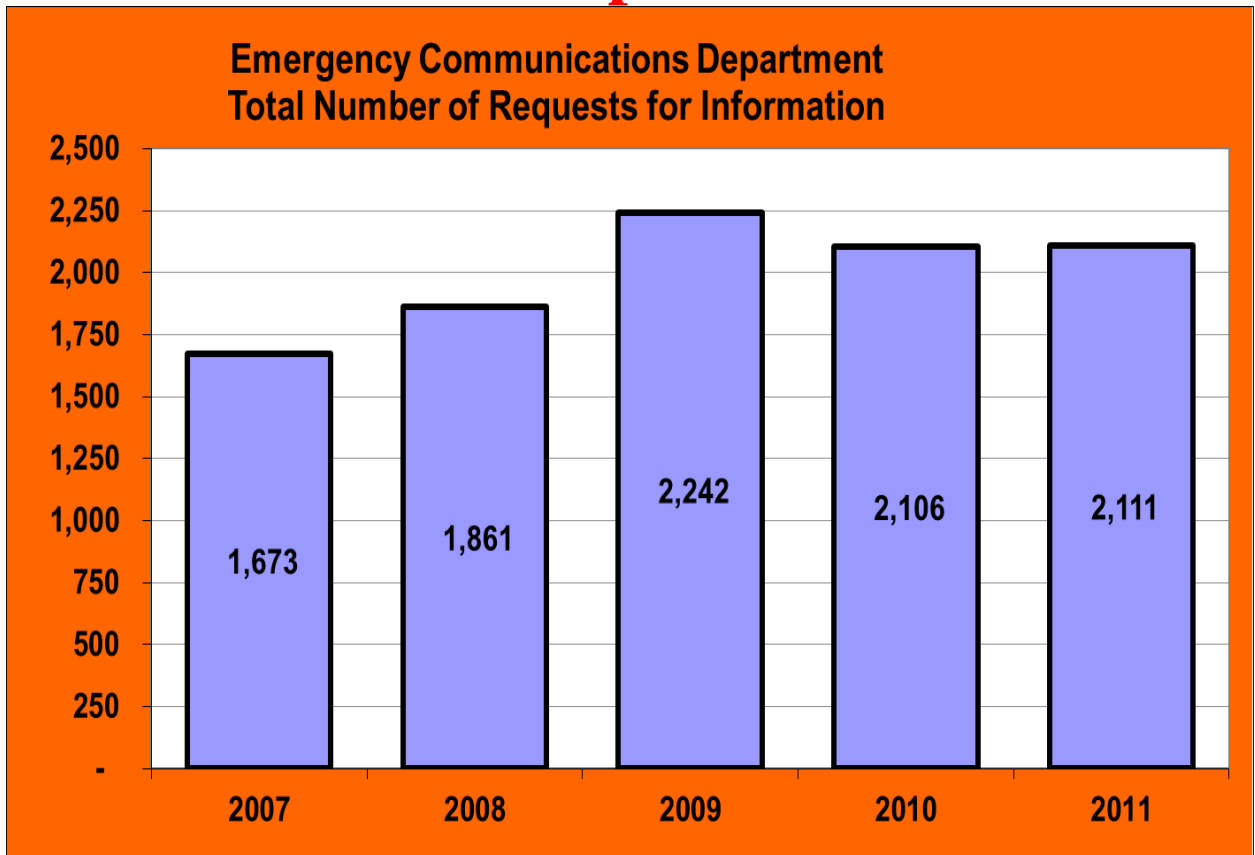

- January: Stomach This...
- February: The Laws of EMD
- March: Shamrock Green Highlights
- April: Launched Version 12.1
- May: Suicide Alert
- June: ---
- July: Spinning Out of Control
- August: Correctible Errors
- September: Re-routing w/ Reason
- October: Process to Make Purpose
- November: Cardiology Review
- December: Understanding ECHO

In addition to the training of in-house employees in EMD, the QIU staff also trained various outside agencies and dispatch centers here at ECD.

CPR Training:

As an AHA Training Center we issued 844 CPR cards for agencies and ECD personnel (Last year's total was 1000).

Research Activity Report

Wellness Report

Mission

The Wellness Team works to promote organizational and individual wellness among employees of the City of Rochester and their families through education, prevention, and easy access to health and wellness resources.

Scope

To support meaningful lifestyle change to promote a healthier lifestyle for the City workforce and their families.

Tasks

- Provide a variety of annual wellness events that educate and engage employees and their families;
- Create a working environment that supports a healthful lifestyle;
- Garner leadership support for wellness initiatives;
- Document, collect, and analyze a variety of data to measure success of wellness programs.

Success Measures

- Decreased on-the-job injuries.
- Decreased percentage of employee sick days used.
- Increased awareness and participation in wellness activities.
- Improved results of Wellness Survey.
- Improved results year-over-year on employee Health Risk Assessment (HRA).
- Improved score year-over-year on the Wellness Council of America (WELCOA) Well Workplace Audit.
- To culminate in receiving WELCOA's prestigious Well Workplace Award.

Key Milestones-2011

- Apple Day
- Health & Wellness Fair
- Flu Shot Clinic
- Corporate Challenge
- Eat Well, Live Well Challenge
- Veggie Mondays
- Go Red for Women
- Don't Gain-Maintain

ECD Key Milestones-2011

- Biggest Loser Competition
- Health & Wellness binder on Operations Floor
- Great American Smoke-Out
- Healthy Living Emails
- MVP Wellstyles Extras info at Shift Meeting
- Eat Well-Live Well Challenge
- Flu Shot Clinic
- New Exercise Room Equipment

Glossary

AHA: American Heart Association

ANI/ALI: Automatic Number Identifier / Automatic Location Identifier: Numbers in the CAD system telling Telecommunicators where a complainant is calling from.

APCO: Association of Public-Safety Communications Officials

BHRM: Bureau of Human Resource Management: the City's human resource department handling all employee hiring/benefit issues.

CAD: Computer Aided Dispatch: The primary 9-1-1 computer system.

CALEA: Commission on Accreditation for Law Enforcement Agencies

CBRNE: Chemical Biological Radiological Nuclear Emergency

CDE: Continuing Development Education: The ongoing training program for certified EMDs.

CISM: Critical Incident Stress Management: An adaptive, short-term psychological helping-process that focuses solely on an immediate and identifiable problem.

CPR: Cardio-Pulmonary Resuscitation: The use of chest compressions and/or rescue breathing to maintain life in a cardiac arrest situation.

CTO: Certified Training Officer: A volunteer training program @ ECD consisting of ECD employees training newly hired employees.

ECD: The Emergency Communications Department

EMD: Emergency Medical Dispatcher: A 9-1-1 employee trained to give structured medical instructions to callers.

EMS: Emergency Medical Services: The system of ambulances, advanced life support units, and hospitals that deal with medical emergencies.

ENP: Emergency Number Professional

FEMA: Federal Emergency Management Agency: The federal agency responsible for dealing with disasters.

FRL: Fire Response List

HSMI: Homeland Security Management Institute (Monroe Community College): A resource for communities and their first responders for the national agenda of homeland security.

ISTT: In-Service Training Team: ECD group responsible for the development of monthly in-service training for all employees.

JMS: Jail Management System

LODD: Line of Duty Death: A specialized program allowing ECD employees to confidentially express their wishes in the event they cannot speak for themselves. Individual employee's information are kept in a secure file.

LVAD: Left Ventricular Assist Device: Mechanical circulatory device that is used to partially or completely replace the function of a failing heart.

MCU: Mobile Communications Unit: A vehicle designed to provide a variety of communications services and equipment in the field and at special events.

MERT: Medical Emergency Response Team: An internal team of 9-1-1 employees trained to deal with medical emergencies that may occur at the Emergency Communications Department.

MDT: Mobile Data Terminal: Computer unit located in a vehicle or other location that is linked to CAD.

MoRIS: Monroe County's Criminal Records System

NAED: National Academy of Emergency Dispatch: Organization that developed and oversees the EMD program for clients internationally.

NCMEC: National Center for Missing & Exploited Children

NENA: National Emergency Number Association

NIMS: National Incident Management System: A federally mandated means of dealing effectively with emergency incidents of any nature, especially when multiple agencies respond or outside resources are needed.

NYSPIN: New York State Police Information Network: Secure network of computers used statewide by law enforcement agencies.

NYSSA: New York State Sheriffs Association: A not-for-profit corporation, formed in 1934, for the purpose of assisting Sheriffs in the efficient and effective delivery of Sheriffs' services to the public.

PSAP: Public Safety Answering Point: A location that receives and dispatches calls for emergencies. The ECD is the PSAP for Monroe County.

QIU: Quality Improvement Unit: Group within ECD responsible for all EMD training and call review.

Radio Center: Also called Public Safety Communications: The County department responsible for installing and maintaining all government radio equipment.

RMS: Record Management System

SEMO: State Emergency Management Office: The state agency responsible for dealing with disasters.

SPR: Special Problem Report: CAD Specialist receives these reports from CAD users and makes necessary repairs to the CAD system.

STEP: Society for Total Emergency Preparedness: Regional group that supports improvements in EMS.

TCC: Telecommunicator: ECD employee who answers 9-1-1 calls.

VOX: The voice activated recording of actual calls or dispatches that are randomly reviewed for quality assurance.

WMD: Weapons of Mass Destruction
