

MEDIA ADVISORY

Midtown Tower media briefing and open house

(Wednesday, September 9, 2009) City and state officials, as well as contractors working at Midtown will provide members of the media with an update on their progress and plans for asbestos abatement and air monitoring processes that will take place for the term of the project, 11 a.m., tomorrow, September 10 at 45 East Avenue (Euclid St. entrance). After the briefing, media will be allowed into the Midtown Tower for a guided tour of both the outside of abatement areas and other floors where work has not begun.
