Apprenticeship Training Program for Construction Contracts RULES AND REGULATIONS

Authorization

These RULES AND REGULATIONS are promulgated under authority of City Ordinance 2003-347, which was adopted by the City Council on October 21, 2003, and amended by Ordinance 2009-76, which was adopted by City Council on March 18, 2009. These Ordinances were enacted under authority granted by Chapter 571 of the Laws of 2001, as codified in Section 816-b of the New York State Labor Law.

Summary of City Ordinance 2003-347, as amended

City Ordinance 2003-347, as amended, makes it the policy of the City of Rochester "to promote apprenticeship training programs." The scope of the Ordinance includes any construction contracts, as defined in the Ordinance, that are in excess of \$250,000. The Ordinance further requires that the contractors for such a contract and for any subcontract thereto in excess of \$100,000, prior to entering into such public works contracts, "have apprenticeship agreements, appropriate to the type and scope of work to be performed, which have been registered with and approved by the New York State Commissioner of Labor." The Ordinance authorizes the Commissioner of Environmental Services "to promulgate such rules and regulations necessary and appropriate for the implementation and enforcement of this ordinance." The Ordinance also requires that the "City shall provide assistance to contractors to its greatest extent possible in obtaining State approval of apprenticeship programs;" Such approval shall be obtained before a contractor submits a bid for a construction contract or is awarded a subcontract.

RULES AND REGULATIONS

- d. The sealed envelopes of unsuccessful bidders shall not be opened and shall be returned to the unsuccessful bidders following award of the construction contract.
- 2. A contractor who, subsequent to contract award, proposes to enter subcontract that exceeds \$100,000 in value, shall submit apprenticeship agreements as described in 1a or 1b above with the proposed subcontract documents to the City Project Manager for approval prior to entering the subcontract.
- 3. The City may verify that any apprenticeship agreement submitted by a contractor is current and valid.
- 4. If a contractor fails to timely submit valid apprenticeship agreements, the contractor may be deemed to be non-responsive, and may be disqualified from further consideration for the pending contract or subcontract.

Assistance

The City shall provide assistance to contractors to its greatest extent possible in obtaining State approval of apprenticeship programs by:

- 2. Supporting programs and activities that encourage or assist contractors to develop or participate in apprenticeship training programs;
- 3. Other means which may be determined on a case by case basis.

<u>Waivers</u>

- 1. No waivers shall be provided to the general requirement that contractors have current, valid apprenticeship agreements, appropriate to the scope and nature of the work to be performed under the contract, registered with the New York State Commissioner of Labor. Failure to document such agreements will result in a contractor being deemed non-responsive, and such contractor will be disqualified from consideration for the pending contract.
- 2. The Commissioner may grant a waiver for a apprenticeship agreement specific to a particular trade that is appropriate to the scope and nature of the work to be performed under the contract if the New York State Department of Labor certifies that no apprenticeship training is available or may be approved for that trade within the Rochester Labor Market by the time of contract award or of any subcontract proposed for approval subsequent to contract award.

Enforcement

If the contractor fails to comply with the requirements of the Apprenticeship Training Program for Construction Contracts, the City will deem the contractor non-responsive and disqualify the contractor from consideration for the pending contract.
