

## **SECTION C603 - SEWER PIPE (FURNISHED)**

### **C603 GENERAL**

Work is to be in accordance with Monroe County Pure Waters specification for Sewer Pipe on page S-205, with following modifications:

For purposes of this specification, all references are in accordance with *NYS DOT Standard Specifications (US Customary Units dated May 1, 2008)* edition, including any addenda.

### **C603-2 MATERIALS**

New polyvinyl chloride pipe, including wye branches and clean-outs, will be as furnished by Monroe County Pure Waters.

Furnished materials are to be picked-up from MCPW Fleet Center, 145 Paul Road, Chili, New York, Monday through Friday, between hours of 8:00AM and 3:00PM, (585) 753-7626. MCPW Fleet Center requires minimum of 2 working days advance notice to make arrangements for pick-up of furnished materials.

### **C603-4 METHOD OF MEASUREMENT**

Quantity to be measured for payment will be number of linear feet of pipe installed, as measured along invert of pipe from inside face to inside face of structure, including wye or tee branch sections.

### **C603-5 BASIS OF PAYMENT**

Unit price bid includes cost of: verifying invert elevations; picking up and installing new polyvinyl chloride pipe, fittings and wye branches; cleanouts; pipe cutting; plugs; testing; televising or photographic inspection; and furnishing all labor, material and equipment necessary to complete work.

Excavation including hand and rock excavation, furnishing and placing of stone bedding and select granular backfill (sewer) will be paid for under separate bid items.

No separate payment will be made for placement of select backfill material excavated from trench.

Progress Payment:

A. Seventy-five percent (75%) of unit price bid for sewer pipe installed complete in place, will be paid upon acceptable installation of sewer pipe before successful completion of required field tests.

Additional twenty-percent (20%) will be paid after successful completion of required field tests.

Remaining five-percent (5%) will be paid after successful completion of required television or photographic inspection and substantial completion of all other related work items including restoration. or:

B. Ninety-five percent (95%) of unit price bid for sewer pipe installed complete in place, will be paid upon successful completion of required field tests:

Remaining five-percent (5%) will be paid after successful completion of required television or photographic inspection and substantial completion of all other related work items including restoration.

Payment will be made under:

*Note: XX in bid item number and X" in item description represent size of sewer pipe. i.e.: 12 inch sewer pipe would be bid as C603.0112 12" Polyvinyl Chloride Pipe, SDR21 (Furnished).*
