MAGNOLIA STREET (Cottage Street - Seward Street)
SEWARD STREET (Magnolia Street - Reynolds Street)

DATE: Tuesday, April 10, 2018 **TIME:** 6:30 P.M.

LOCATION: Dr. Charles T. Lunsford School #19, 465 Seward St.

I. Introduction

City of Rochester, Department of Environmental Services:
Donna Clements, PE Project Manager /Street Design Division
Kimberly Batz, Project Engineer /Street Design Division
Frank Bonn, PE Project Engineer /Street Design Division
Jim Pond, PE Traffic Engineer / Monroe County Department of Transportation
Eric Hansen, Architect, RCSD Liaison

IIA. General Project Description for Rehabilitation:

- Roadway milling and resurfacing;
- New stone curbing with underdrain system;
- Drainage inlet repairs/replacements where needed;
- New driveway aprons;
- Replacement of broken and hazardous concrete sidewalks and installation of accessible ramps;
- Carriage walks:
Will be removed for properties with legal driveways
Properties without driveways will have their carriage walk replaced;
- Existing parking regulations will remain;
- Restoration of grass areas affected by the construction;
- New Street Trees (installed by City Forestry after project completion);

- *Utility Work (Separate and Prior to the Street Project)*
 - Water: replacement of lead and galvanized water services and valves;
 - RG&E (Gas & Electric) – to be determined during Preliminary Design
 - City Street Lighting – to be determined during Preliminary Design
 - TWC and Frontier - to be determined during Preliminary Design

IIB. Seward Street

- Existing Conditions – April 2018

Summer 2018 Construction Projects

- Reynolds – Seward Street Rehabilitation Project *Anticipated Completion Fall 2018*
 - Bump-in parking on Reynolds Street adjacent to School #19
- RCSD School #19 Improvements *Anticipated Completion Fall 2018*
 - Parking Lot reconfiguration to accommodate school bus drop off/loading
 - Decreased Bump-in drop off area in front of school

Concept Plans

- Proposed Seward Street one-way south bound conversion – Reynolds-Magnolia
 - Endorsed by Monroe County DOT since 2000
 - Recommended by Safe Routes to School Action Plan July 2009
 - Remove north bound slip ramp (right turn lane)
 - Provide bump-in parking (~5 cars) on east side of Seward Street

III. Maintenance of Traffic

- Two-way traffic will be maintained, using flag persons when necessary.
- Some driveway access disruptions during curb, sidewalk and driveway placement.

IV. Anticipated Schedule

- | | |
|----------------------------|-------------|
| • Preliminary Design Plans | Spring 2018 |
| • Final Design Plans | Fall 2018 |
| • Street Construction | Spring 2019 |
| • Complete Construction | Fall 2019 |

V. Questions and Comments

- Please state your name and address
