**Agenda:** The meeting will provide an overview of the project, review the various proposed improvements, and solicit feedback on the proposed treatments.

The Priority Bicycle Boulevards Implementation Project will complete approximately 20 miles of neighborhood bicycle boulevard routes around the City of Rochester. Bicycle Boulevards are local streets that are optimized for bicycling through the use of bicycle wayfinding signage, pavement markings, and traffic calming features. The main goals of this project are to:

- Design traffic calming features that will reduce vehicular speeds and discourage cut-through traffic
- Increase safety for vulnerable road users at busy intersections
- Mill and Resurface portions of Averill Ave, Pierpont St, Tryon Park, and Aberdeen St.

Please plan to attend this important Zoom Video Conference. Due to social distancing requirements, this will be a virtual public meeting utilizing Zoom video and audio conferencing. To attend this meeting, please type in the address listed above on your web browser or go to <https://zoom.us/join> and enter the Meeting ID provided above. We kindly ask that you plan to connect to the meeting a few minutes early at which time you may be placed in a waiting room until the meeting begins.

If you are unable to attend, please visit the project webpage to view a PDF of the presentation and project plans at: <https://www.cityofrochester.gov/bikeblvdimplementationproject/>
