

SUBSTANTIAL AMENDMENT TO THE CITY OF ROCHESTER'S CONSOLIDATED
COMMUNITY/2019-20 ANNUAL ACTION PLAN FOR RECEIPT AND USE OF FEDERAL CARES
ACT FUNDING

February 4, 2021

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law on March 27, 2020. The purpose of this over \$2 trillion economic relief package is to protect people from the public health and economic impacts of COVID-19.

The CARES Act provides fast and direct economic assistance for American workers, families, and small businesses, and preserves jobs for our American industries. Funds may be used for activities that prevent, prepare for, and respond to the spread of infectious diseases such as coronavirus. Funds may be used to mitigate economic impacts caused by COVID19.

The City of Rochester was previously allocated \$4,881,038 in Community Development Block Grant-Coronavirus (CDBG-CV) funds, \$5,303,335 in Emergency Solutions Grants-Coronavirus (ESG-CV) funds, and \$142,029 in Housing Opportunities for Persons With AIDS-Coronavirus (HOPWA-CV) funds. The City of Rochester was allocated \$2,371,177 in the third round of Community Development Block Grant-Coronavirus (CDBG-CV) funds. A previous substantial amendment to the 2019-20 Annual Action Plan that appropriated \$1,424,700 of the third round of CDBG-CV funds was approved in December 2020 by the Rochester City Council.

This proposed amendment presents a plan to spend \$500,000 of the unallocated \$946,477 in CDBG-CV of funds allocated to the City of Rochester through the third round of CARES Act CDBG-CV funding. An additional amendment will be developed and proposed once the City has determined the most impactful ways in which to leverage the remaining \$446,477 in unallocated CDBG-CV funds.

The CARES Act adds additional flexibility opportunities for the grant fund. The public comment period is shortened from 30 days to no less than 5 days use these funds. The City of Rochester will publish the plan for public comment for 5 days. There is no public service cap for the CDBG-CV funds, grantees may reimburse costs of eligible activities incurred for pandemic response regardless of the date, and the funds from this grant are not to be used to cover expenses that would otherwise be covered by other sources.

HUD has granted the ability to utilize waivers to allow for greater flexibility of use for CARES Act funding as well as 2019-20 and 2020-21 funding. The City of Rochester will utilize waivers as appropriate to best use funds to respond to this crisis and to help to mitigate economic impacts caused by COVID19.

At this time, the number to be served using these funding sources is still being developed.

This draft plan is the result of City staff working with partner community agencies to identify the most impactful activities and best use of these funds.

1. The City assessed which programs funded by the first round of CDBG-CV funds successfully met urgent community needs as a result of challenges due to the coronavirus. Several programs that were funded in the first round of CARES Act funding allocations will continue to be funded in this round of CDBG-CV funding.
2. The City worked to gather information from City Departments and our partner agencies to identify needs in the community for which these funds can be used. We will continue to address needs such as small business assistance, food access and distribution for vulnerable populations, and senior citizen support.
3. The City engaged HUD to gather further guidance on the use of these funds, the method by which we will apply to HUD and other technical issues.
4. This amendment represents a proposed spending plan for a portion of the third round of the City of Rochester's CDBG-CV funding allocation. A subsequent amendment will be

submitted for review and approval once the City has determined how to best leverage the remaining CDBG-CV funds.

5. The City has worked to have all plans ready to go so that once we have HUD approval for spending, funds are out in the community as soon as possible.

Community Development Block Grant CARES Act Funding (CDBG-CV) budget: \$500,000 of the unappropriated balance of the \$2,371,177 allocated to the City of Rochester in the third round of CDBG-CV funding allocations. \$446,477 in CDBG-CV funds remain unallocated.

2019-20 Citizen Participation Plan Amendment

The City is amending the 2019-20 Participation Plan to ensure adequate engagement and involvement of the public in making decisions related to the 2019-20 Annual Action Plan and associated HUD funding and programs. The Citizen Participation Plan (CP Plan) is amended as a result of changes due to the CARES Act and to reflect recent HUD guidance. This document details how the City will engage residents and stakeholders in the development of planning documents required by HUD for its programs.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27th, 2020. As a result of the CARES Act, the City of Rochester has been approved to apply for the funds from for HUD community development formula grant programs for the 2019-20 program year, necessitating a Substantial Amendment to the 2019-20 Consolidated Community Plan/Annual Action Plan, as follows:

Community Development Block Grant (CDBG-CV)	\$500,000
---	-----------

The City previously appropriated \$11,751,102 in CDBG-CV, ESG-CV, and HOPWA-CV funding through the CARES Act.
