Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Rochester, New York, submitted a Five Year Strategic Plan for the program years 2020-21 through 2024-25. This is the 2021-22 Annual Action Plan as part of the Consolidated Plan that guides the allocation of federal entitlement funds available through the Community Development Block Grant (CDBG) Program, Home Investment Partnerships (HOME) Program, Emergency Solutions Grants (ESG) Program, and Housing Opportunities for Persons with AIDS (HOPWA) programs. The dates covered in this Annual Action Plan are July 1, 2021 through June 30, 2022.

The Annual Action Plan serves the following functions:

- A planning document that enables the City to view its HUD funding, not in isolation, but as one tool in a comprehensive strategy to address housing, community development, and economic development needs.
- An application for CDBG, HOME, ESG, and HOPWA Program funds under HUD's formula grant.
- A strategy document to be followed in carrying out HUD programs.
- An action plan that provides a basis for assessing performance in carrying out use of CDBG Program funds.

The Consolidated Plan is guided by three overarching goals that are applied according to a community's needs as follows:

- Provide decent housing by preserving affordable housing stock, increasing the availability of affordable housing, reducing discriminatory barriers, increasing the supply of supportive housing for those with special needs, and transitioning homeless persons and families into housing.
- Provide a suitable living environment through safer, more livable neighborhoods, greater integration of low- and moderate-income residents throughout the city, increased housing opportunities, and reinvestment in deteriorating neighborhoods.
- Expand economic opportunities through more jobs paying self-sufficient wages, homeownership opportunities, development activities that promote long-term community viability, and the empowerment of low- and moderate-income persons to achieve self-sufficiency.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Needs Assessment conducted during the 2020-23 Consolidated Plan development process identified the need for:

- safe, decent housing that is affordable to low income households;
- housing rehabilitation programs;
- code enforcement and demolition of blighted structures that pose a health and safety threat to the community;
- economic development to increase household incomes throughout the City;
- workforce development and job training;
- safe neighborhoods;
- youth programming, services and training;
- housing and services for persons experiencing homelessness or who are at risk of becoming homeless;
- housing and services for persons with non-homeless special needs;
- public infrastructure improvements;
- public facility improvements;
- health, mental health and other public services; and
- transportation.

The projects included in the 2021-22 Annual Action Plan each address one or more of these community needs.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City prepares a Consolidated Annual Performance Evaluation Report (CAPER) each year. For the 2019-20 program year, the following are some of the CDBG funded accomplishments: Persons assisted via Public Facility or Infrastructure Activities: 5,775; Persons assisted via Public Service Activities not housing related: 40,855; Housing Services activities assisted 162 persons other than housing benefit and 709 households housing benefit. 108 housing units were rehabilitated, and 83 buildings were demolished.

27 rental units were rehabilitated utilizing HOME funding. 32 homeowner housing units were added.

4,843 persons were served utilizing ESG funding. 136 households were served utilizing HOPWA funds.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The citizen participation and consultation process included the following components for the 2020-24 Five Year Strategic Plan:

- Four public meetings, one in each quadrant of the City, to obtain input from residents, neighborhood representatives and stakeholders
- A public survey, available on-line in both English and Spanish, and distributed by mail to more than 900 residents and stakeholders
- A survey of business needs, available on-line and distributed by mail to more than 900 residents and business representatives
- Ten focus groups with representatives of agencies, organizations and stakeholders on the following topics: Public Housing; Fair Housing; Affordable Housing Development/ Homeownership; Housing Rehabilitation; Homelessness Prevention and Services/ Supportive Housing; Youth and Health Services; Seniors and Persons with Disabilities; Public infrastructure and facilities; Large employers and manufacturers; Small business

The Annual Action Plan Citizen Participation included public meetings held on March 4, 2021, and May 27, 2021. A public hearing was held on June 10, 2021

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

For the 2020-24 Consolidated Plan, the needs mentioned most were:

- safe, decent affordable housing;
- economic development to increase the number of jobs that pay a living wage;
- public facilities;
- public infrastructure;
- public safety;
- health and mental health services;
- homeless services;
- youth programming and training initiatives;
- other public services;
- transportation;
- poverty reduction.

As this is a draft document, this section in the final 2021-22 Annual Action Plan document will be updated to include comments gathered during the 30 day public comment period.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments received were accepted.

7. Summary

In summary, the five-year 2020-2024 Consolidated Plan and the second year draft Annual Action Plan for 2021 have been developed with community input and support the implementation of Rochester 2034. It is expected that the City will continue to fulfill the intent of the CDBG, HOME ESG and HOPWA programs by facilitating the: affordability of safe, decent housing; availability, accessibility, and sustainability of suitable living environments; accessibility of economic opportunities; provision of housing and services for those experiencing homelessness; and meeting the housing and services needs of persons with HIV/AIDS and their families.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Rochester staff meets regularly with representatives of the Rochester Housing Authority to coordinate in planning housing projects and providing employment training to public housing residents. Rochester staff are engaged with the Continuum of Care; the City collaborated with Monroe County on homelessness initiatives. Through the Enterprise Anti-displacement Learning Network, City staff regularly meet and plan activities to address housing displacement with Catholic Charities, Anthony Jordan Health Center, and the Rochester City-wide Tenant Union.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Rochester participates in the Rochester/ Monroe County Continuum of Care (CoC), a multi-jurisdictional, community-wide group which oversees the local system to determine if the needs of the homeless are being met. The CoC continues to stress the need for permanent housing while maintaining existing successful emergency shelters through permanent supportive housing and supportive services.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

City staff work closely with the CoC and other agencies to develop funding applications and determine the best use of ESG funds. By working with the CoC, City staff are involved in improving coordination among agencies, facilitating data collection through HMIS and allocating funds.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City does not require all sub-recipients to match allocations to sub-recipients. However, sub-recipients typically have additional funding sources and fund-raising activities that allows their agencies and organizations to effectively leverage federal funds awarded. Rochester will provide matching funds as required and will continue to seek funding from other federal sources as well as State, County and private funding.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City has a robust program to monitor the status and physical condition of vacant structures located throughout the City. If a structure is vacant, it could either be acquired by the City, demolished, and the land used to meet the needs identified in the plan. Or, the City partners with the Rochester Land Bank and the Greater Rochester Housing Partnership's (GRHP's) Home Rochester program, or other development partners, to rehabilitate formerly vacant structures and make them available for affordable homeownership and rental opportunities.

The City also has a robust program for monitoring, maintaining, and strategically disposing of City-owned vacant land, which is often RFPed to identify development partners for strategic scattered site as well as larger scale affordable and mixed income housing and mixed-use development.

This program is in alignment with the goals and needs identified in the plan.

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Increase supply of affordable housing
	Goal Description	The City may utilize HOME and CDBG dollars to increase access to and the number of affordable rental units and affordable homeownership opportunities in the City.
2	Goal Name	Improve quality of housing stock
	Goal Description	Funding can also provide for making improvements to the quality and safety of units to ensure the health of occupants.
3	Goal Name	Increase access to homeownership
	Goal Description	The City may utilize HOME and CDBG dollars to increase access to homeownership opportunities in the City.
4	Goal Name	Provide Homelessness prevention and homeless housing
	Goal Description	City of Rochester uses ESG funds to address a number of homeless issues including emergency shelter operations, transitional housing, Rapid Rehousing, and permanent supportive housing; shelter and assistance for victims of domestic violence, unaccompanied youth, persons with health and mental health conditions who are homeless, veterans, families and individuals; homelessness prevention; and rental and financial assistance for households that are literally homeless.
5	Goal Name	Housing and services for persons with HIV/AIDS and
	Goal Description	HOPWA dollars may be used for affordable housing, medical and other essential supportive services, and accessibility modifications for persons with HIV/AIDS and their families.

6	Goal Name	Improve Public Infrastructure
	Goal Description	Public infrastructure and facilities in various income-eligible areas of the City are inadequate for current demands. Priority projects in the infrastructure category include the reconstruction or rehabilitation of streets (including installation of bicycle, multimodal elements, and streetscaping amenities, as recommended) and the installation/reconstruction of sidewalks to be brought into compliance with ADA standards to create “complete streets”; the reconstruction or installation of trail, pathways, and pedestrian gateways to parks, playgrounds, recreation centers, or other open spaces; water and sewer improvements and/or storm water management improvements; and broadband improvements to bridge the digital divide. Infrastructure improvement projects will contribute to the safety and quality of life of neighborhoods and municipalities throughout the City and will benefit LMI persons. Commercial corridor improvement projects are also public improvements that would also be a priority in this category.
7	Goal Name	Improve Public Facilities
	Goal Description	Public facilities in various income-eligible areas of the City are inadequate for current demands. Priority projects in the public facilities category includes design and construction of recreation center facilities, as well as play apparatus, spray parks, and recreation or athletic amenities in parks and playgrounds, including the installation of updated equipment and safety surfaces, where needed, to achieve compliance with current Consumer Product Safety Commission and ADA guidelines. Additional projects that would improve access to broadband service and close the digital divide are also a priority. Facility improvement projects will contribute to the safety and quality of life of neighborhoods and municipalities throughout the City and will benefit LMI persons.
8	Goal Name	Provide public services
	Goal Description	Providing public services is a high priority for the City. Dollars may be used for a wide array of activities that support community development, business development, fair housing, legal services, housing services, healthy housing, neighborhood development, senior services, youth development, parks and recreation, arts and culture, public safety, community health, health services, financial empowerment, family self-sufficiency, education, childcare, transportation, food access, or other community supportive services.
9	Goal Name	Demolish dilapidated structures
	Goal Description	To provide safe, livable communities for its residents, the City may use federal funds to acquire, demolish, and dispose of blighted properties that present safety hazards in various communities throughout the City.

10	Goal Name	Provide economic and workforce development
	Goal Description	The City may use federal dollars for activities that promote employment, self-sufficiency, education, job training, technical assistance, business attraction and retention, façade grants, commercial corridor development/revitalization, and economic empowerment of low- and moderate-income persons.
11	Goal Name	Revitalize business/commercial areas
	Goal Description	
12	Goal Name	Provide City planning
	Goal Description	The City will provide comprehensive and strategic planning, including community engagement, to guide the implementation of federal, state and local programs and policy.
13	Goal Name	Program administration
	Goal Description	Effective administration of CDBG, HOME, ESG and HOPWA programs.
14	Goal Name	Program delivery
	Goal Description	Program delivery covers the development of overall economic and community development policies and provides support services, coordination of real estate development, management of feasibility and consultant studies, monitoring of legal and professional service agreements, reparation of site and financial analyses, performing market research, outreach to businesses, preparation of loan packages and support, pre-development services, outreach, financial, technical and site selection assistance to businesses, organization of neighborhood commercial business assistance programs. It also includes staff costs for the planning, coordinating, and monitoring of HUD-funded housing initiatives.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

CDBG and HOME funds are intended to provide low- and moderate-income households with viable communities, including decent housing, a suitable livable environment, and expanded economic opportunities. Eligible activities include community facilities and improvements, removal of blighting conditions, housing rehabilitation and preservation, affordable housing development activities, public services, economic development, planning, and administration. ESG and HOPWA funds are intended to assist persons and households experiencing homelessness and homelessness prevention and housing and services for persons with HIV/AIDS and their families, respectively.

The system for establishing the priority for the selection of FY 2021 projects is predicated upon the following criteria:

- Meeting the statutory requirements of the CDBG, HOME, ESG and HOPWA programs
- Meeting the needs of very low-, low-, and moderate-income residents
- Focusing on low-to-moderate income areas or neighborhoods
- Coordination and leveraging of resources
- Response to expressed needs
- Sustainability and/or long-term impact
- Ability to measure or demonstrate progress and success
- Existence of blighting conditions
- Focusing on the needs of persons and households experiencing homelessness and the need for homeless prevention
- Focusing on the needs of persons with HIV/AIDS and their families

The primary obstacle to meeting underserved needs is the limited funding resources available to address identified priorities. In addition, the gap in what households can afford to pay for housing and the price of housing is another obstacle to meeting the needs of the underserved. The City has a significant affordable housing stock, yet the income level for individual households such as single parent, elderly, disabled, or others of limited economic means, is not sufficient to afford even the lowest priced of the market-rate units.

The effects of greater community needs in the form of homelessness, risk of homelessness, the increased demand for supportive services (particularly for persons with multi-system contact) paired with slightly rising costs of rent and declining wages and an aging housing stock in need of revitalization puts added pressures on the need for affordable housing within the City.

The City will continue to collaborate with other public agencies and non-profit organizations, when feasible, to leverage resources, and maximize outcomes in housing and community development.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Assistance will be directed throughout the City based on income eligibility and areas in which the percentage of households with incomes at or below 80% AMI is at least 51%. The selected projects are largely based on an applicant household's income more than being placed-based investments.

Geographic Distribution

Target Area	Percentage of Funds
City-wide	99
CDBG Eligible	1

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Not all of the housing and community development needs identified in this plan can be addressed over the next five years, due primarily to the limited resources available. Therefore, the City has established priorities to ensure that scarce funds are directed to the most pressing needs. The selection of non-housing community development priorities reflects the City's desire to create appreciable and lasting living environment improvements throughout the City. Specific geographic targeting of housing investment reflects the need to affirmatively further fair housing by directing development to a broader range of neighborhoods and communities and broadening the supply of affordable housing outside of historically saturated areas. HOPWA funds are allocated based in part on the agencies' abilities to effectively serve clients who are eligible for housing and services under HOPWA. The two Neighborhood Planning projects focus on two specific CDBG eligible neighborhoods.

AP-60 Public Housing – 91.220(h)

Introduction

RHA currently has a copy of the Five-Year Plan (October 2020 – September 2024), Annual Plan and Capital Fund Program Plan available on the RHA website. This section outlines plans and actions that will be undertaken by RHA in the coming year to address the needs of those in public housing as well as the physical needs of the units.

Actions planned during the next year to address the needs to public housing

RHA will continue to provide quality affordable housing and services for its residents. RHA meets with our resident councils, resident Commissioners, staff and neighborhood associations to address needs and discuss upcoming projects. We take all suggestions and recommendations from these sources into consideration when preparing the five year Capital Improvement plan. Due to ever changing conditions, items are prioritized and can fluctuate within the plan from year to year. Some planned activities that make use of capital funds include interior and exterior renovations, weatherization, systems upgrades, site work to increase security (lighting, sidewalks, etc.) as well as parking improvements, renovation of laundry facilities and common areas and new windows, roofing, gutters and siding. RHA is also continuing its *Change the Face of Public Housing* program, by investing in façade improvements, landscaping and new construction.

The RHA Resident Service Department is also working hard to partner with other agencies that can assist our residents in self-sufficiency initiatives and goals. Training, employment, and life skills are a focus in the upcoming year.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

RHA will continue to administer a Family Self-Sufficiency (FSS) program. Under this program, families set goals and a case manager works with them to achieve the goals over a 5-year period. Some families' goals include homeownership. FSS funds four case manager positions. Per HUD guidelines, one case manager position is funded for the first 25 families and an additional case manager for each additional 50 families. There is a waiting list to participate among Section 8 families; open slots are currently available for public housing residents. Outreach to those PH residents consists of management referrals, brochures, and door to door outreach.

RHA will continue to assist participants in the Family Self Sufficiency (FSS) program to achieve their homeownership goals by providing participants with homeownership activities such as credit counseling, building escrow savings accounts, linking them with local grant opportunities and other local homeownership programs. Since 2017 RHA has assisted 75 families in purchasing a home. In 2020, there were 29 graduates of the FSS program who collectively saved over \$130,000 in escrow savings over the five-year period.

RHA will also continue to utilize funding from a ROSS (Resident Opportunities and Self-Sufficiency) Grant. This grant funds Service Coordinators who assess the needs of residents of conventional Public

Housing and coordinate available resources in the community to meet those needs. This program promotes local strategies to coordinate the use of assistance under the Public Housing program with public and private resources, for supportive services and resident empowerment activities. These services should enable participating families to increase earned income, reduce or eliminate the need for welfare assistance, make progress toward achieving economic independence and reach housing self-sufficiency.

RHA is committed to developing a successful Section 3 program that will provide training, apprenticeship, and employment opportunities for Section 3 candidates. Outreach efforts are ongoing. RHA's Resident Services department works with candidates to determine skill sets, training needs, career paths and desired job placements. RHA has developed a maintenance training program and is utilizing that program to train Section 3 participants. RHA is working with community partners to provide additional training and apprenticeship opportunities for candidates. RHA actively works with contractors to hire Section 3 candidates for federally funded projects throughout the authority.

The Rochester Housing Authority (RHA) provides various opportunities for resident participation. RHA Participant Activities include Resident Programs, Resident Council, Jurisdiction Wide Resident Council, Mobile Food Markets with Foodlink, Youth Programs, Summer Camp through Community Place of Greater Rochester, Boy Scouts of America, Family Food and Fun Program through University of Rochester Medical Center, Center for Community Health, Adult Programs, Community Service, Eviction prevention counseling, Resident Worker Program, Elderly/disabled service coordination for Senior/Disabled residents.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Rochester Housing Authority is not designated as a troubled agency.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Rochester will continue to work with the Continuum of Care to coordinate services to the homeless and to provide outreach and other services, emergency shelter, transitional housing and permanent supportive housing to persons with special needs.

The CoC has incorporated the goals of Opening Doors into its strategic planning. To end chronic homelessness, the CoC is obtaining commitment from PSH providers to give chronically homeless persons priority when a unit vacancy occurs. It is also supporting the Housing First model. To end veteran homelessness, the CoC is partnering with the Veterans Administration and supporting housing targeted to veterans. To end homelessness for families and dependent children, the CoC is emphasizing a rapid rehousing approach. To end homelessness for unaccompanied youth, the CoC is stressing outreach and rapid re-housing for transition age youth.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Rochester/Monroe County Continuum of Care fully implemented a Coordinated Entry System (CES) in 2018. The CES provides a strategy to quickly move people from homelessness to permanent housing by establishing a streamlined and uniform method of serving clients in need of housing crisis services, using a single point of entry model; reducing burden on both client and provider by having a unified systemic approach to quickly identify, assess, and refer clients to the best intervention to meet clients' specific needs at first contact; increasing collaboration between agencies in serving client needs more effectively and efficiently; and collecting data on community trends of housing needs to better target limited resources. When households or individuals present to the Continuum in an emergency shelter, the household is assessed using a vulnerability index to determine the type of housing intervention that will most adequately address their need.

Addressing the emergency shelter and transitional housing needs of homeless persons

As discussed above, all persons presenting to the continuum are assessed using a vulnerability index to determine the type of housing intervention that will most adequately address their need. Potential interventions include transitional housing, rapid rehousing or permanent supportive housing. There are currently emergency shelters available for homeless individuals and families, including victims of domestic violence. Transitional housing programs serve youth, veterans and re-entry populations. The CoC has adopted housing first, which seeks to place persons in permanent housing as quickly as possible, then provide supportive services to promote stability in housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

To end homelessness among households with dependent children, the CoC is investing in Rapid Rehousing so that those who enter emergency shelters exit quickly. It is also providing diversion assistance for those who have a viable alternative to a shelter but require some support. In 2011, Rochester Housing Authority implemented a "Moving On" preference for its Housing Choice Voucher (HCV) program. This allowed families that no longer need case management and services but who still face an economic barrier to transition to the HCV program, freeing up PSH units for families experiencing homelessness who need supportive services. The CoC will be intensifying its outreach efforts to identify and provide support for unsheltered families with dependent children.

ESG funding supports a Rapid Rehousing partnership that includes several housing and service providers. Rapid Rehousing responds quickly and uses an array of mainstream benefits and supports to maximize resources.

The needs of domestic violence victims, including their families, will continue to be broadly addressed. Willow Domestic Violence Center serves women who are victims of domestic violence (or at risk) along with their children, offering counseling, education, and a secure shelter, whose location is not publicly identified. A 24-hour hotline provides information on housing and services for domestic violence victims. Willow Center has stringent policies to ensure the safety and privacy of its clients, and names and other identifying data are not entered into HMIS. In addition, staff of housing providers who serve domestic violence victims are trauma trained.

The Center for Youth Services, Hillside Children's Center, Salvation Army, and Monroe County Youth Bureau will continue to provide housing and services for unaccompanied homeless youth. CoC will continue to offer a range of outreach, emergency and transitional housing and support services are available through CoC and other funding resources. Outreach and drop-in center activities focus on diverting youth from the homeless system. Youth providers have a common intake form, work together closely, and meet on a monthly basis to ensure that homeless youth have access to safe housing and services. In all cases, before a youth leaves a program, he/she is linked to a family member or other responsible, supportive adult. Youth providers will continue to work with Monroe County OMH to ensure access to mental health services and ease transition from the youth to the adult mental health system. Youth ages 16-17 and 18-24 will be targeted separately and offered age-appropriate services, while youth as young as 12 will also be served.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Youth being discharged from foster care or other institutional settings typically return to their family of origin or another responsible family member or adult. When no such adult can be located, the youth is placed in a community program specifically designed to prepare youth for independent living. The CoC will continue to educate homeless providers about the importance of ensuring that youth are not discharged into homelessness. Shelters have been instructed to immediately contact

the Monroe County Department of Human Services to report the failed discharge plan if a youth is attempting to access homeless services. The youth is then connected to a caseworker who attempts to re-unite the youth with his/her family or other responsible adult and link him/her to appropriate services. If such a re-uniting is not possible, the youth is referred to a community program that prepares youth to transition to independent living.

Through the Homeless Services Network (HSN), the CoC will continue to work with hospital staff to develop protocols for those occasional times when appropriate stable housing cannot be located at discharge from the hospital. Hospital social work staff have been provided with information on local emergency shelters (e.g., physical layouts, staffing, hours open) so a referral is made to the shelter that can best meet the person's needs. Hospital staff calls the shelter to confirm a bed is available, any required follow-up care is communicated to shelter staff, and the patient is provided with an inpatient facilities licensed or operated by the New York State Office of Mental Health are encouraged to refer individuals to housing consistent with the level of care required by the patient and to not discharge patients until a comprehensive discharge plan is in place. Prior to discharge, individuals in need of supervised housing, and who agree to a referral, are referred to the Monroe County Single Point of Access (SPOA). The SPOA facilitates housing assistance for eligible individuals and connects persons to mental health care coordination services and a sufficient supply of medication.

The Veterans Administration (VA) and the Veterans Outreach Center (VOC) will continue to exclusively serve veterans in the CoC geography. The VA and Rochester Housing Authority (RHA) are partners for the HUD VASH program. VASH referrals come directly from VA facilities or through Coordinated Entry.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Local barriers to affordable housing include:

- Insufficient income to purchase or rent a safe and decent housing unit;
- Cost of safe, decent housing may not be affordable;
- Housing that is affordable may require significant rehabilitation;
- Poor credit, lack of financial literacy, and lack of savings for down payment and closing costs for house purchase due to generally low incomes in the city;
- Current status of Rochester as a 'hot' market, means many households are out-bid by investors, those with cash offers, or otherwise able to pay more for a home. In addition, many sellers do not understand or dislike the idea of a grant process, and refuse to sell to households who have grant or other assistance.
- Expensive and complex process faced by affordable housing developers, as well as lack of land available for affordable housing development in Areas of Opportunity;
- Discriminatory practices from lenders and providers in the housing market on the basis of race, ethnicity, or familial status;
- High rates of home purchase loan denials for Black and Hispanic applicants, despite documented instances of Black and Hispanic applicants having similar financial qualifications to non-minority applicants that were approved.

In addition, the following impediments were identified in the analysis and writing of the AI:

1. Persons with lower incomes, who are disproportionately members of the protected classes, are less able to afford safe, decent affordable housing.
2. More fair housing education, outreach, investigation, and enforcement is needed.
3. Group homes are not clearly defined in the City's Zoning Code. This makes it unclear whether group homes are allowed by right in low-density residential districts, which could be discriminatory.
4. The City of Rochester needs to update some of its policies and procedures related to fair housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Rochester will:

- expand the supply of affordable rental and home ownership housing;
- increase homeownership among low and moderate income prospective home buyers;
- preserve and improve the existing stock of affordable housing; and
- Improve equitable access to housing.

To implement these objectives, the City will continue to offer:

- first time homebuyer assistance;
- housing rehabilitation;
- tenant-landlord counseling;
- fair housing programs; and
- development of new affordable housing.

And the City will pursue the following non-housing actions to ameliorate barriers to affordable housing:

- job training/employment assistance;
- financial literacy, counseling, and training; and

In addition, the City will make progress over the next five years in the Fair Housing Action Plan as identified in the AI.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

The City plans a variety of initiatives to address obstacles to meeting underserved needs, to foster and maintain affordable housing, to reduce lead-based paint hazards, reduce the number of poverty level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to meeting underserved needs for affordable housing in the city of Rochester is the gap in what households can afford to pay for housing and the price of housing. The City has significant affordable housing stock, yet the income level for individual households such as single parent, elderly, disabled, or others of limited economic means, is often insufficient to afford even the lowest of the market rate units. The City will continue to work on economic development to provide better job opportunities and with social service providers to assist such households. In addition, the City will work with for-profit and non-profit developers to create more affordable housing.

Another obstacle to meeting the needs of underserved households is the limited amount of funding received by the City. The City of Rochester will partner with other public agencies and nonprofit organizations, when feasible, to leverage resources and maximize outcomes in housing and community development.

A primary obstacle to meeting underserved economic development needs is the ability of developers to secure the necessary financing to undertake and complete projects. It is typically the role of the public sector to fill the gaps of these financing needs. However, on occasion, these gaps exceed the assistance capabilities of the City. Another obstacle is the ability to secure inexpensive and convenient parking options for Center City businesses and development projects.

Actions planned to foster and maintain affordable housing

As stated in the Needs Assessment sections, the primary housing problem is cost burden. Cost burden is caused when a household spends more than 30% of its income on housing costs. This can happen because housing costs are high and/or household income is low. In Rochester, the latter reason is the largest driver of cost burden. To address the need for housing that is affordable to residents, the City will undertake activities that will increase the supply of affordable housing, increase the quality of housing through various rehabilitation programs as well as address economic development and capacity building to attract and retain jobs that pay living wages to increase household incomes.

Actions planned to reduce lead-based paint hazards

The City will continue to implement its proactive Lead Based Paint Poisoning Prevention Law and strategically implement Lead Hazard Control activities. It will continue to apply to HUD for lead hazard control funding and seek non-traditional funding for these activities as well. As at-risk children primarily reside in rental housing built before 1978, the City will continue to target this housing stock

as it carries out its lead hazard control efforts.

The City will also continue to work with the Coalition to Prevent Lead Poisoning to undertake comprehensive outreach and education programs designed to reach at-risk populations. These efforts focus on reaching populations least likely to have access to media and other resources that provide awareness. And the City will continue its partnership with the Monroe County Department of Public Health to serve children and families at risk of lead-poisoning.

Actions planned to reduce the number of poverty-level families

Rochester will focus on economic development, job creation, youth service and supportive services to reduce the number of families in poverty. Programs to ensuring safe neighborhoods and improve public facilities will help to create economic opportunities for residents.

Consistent with the work groups formed to carry out the Rochester-Monroe County Anti-Poverty Initiative, Rochester's Anti-Poverty Strategy will address:

- Education and training, particularly for youth
- Job retention and creation
- Decent, affordable housing
- Health and nutrition
- Safe neighborhoods
- Improving public policy and the systems dealing with poverty

Actions planned to develop institutional structure

To enhance the City's housing systems, staff will work with internal departments to streamline and increase efficiencies by reviewing current procedures compared to best practices and implement changes where necessary.

The primary gap in the service delivery system is currently a lack of funding that would allow agencies to scale up to meet the needs of persons experiencing homelessness or who are at risk of homelessness. Because of this, the City and County award funding to agencies that demonstrate the ability to effectively and efficiently carry out the activities in support of the CoC's identified priorities.

Actions planned to enhance coordination between public and private housing and social service agencies

Plans to coordinate between public and private housing social services agencies is a high priority. To this end, Housing staff will participate with the County, local and state housing and social service agency networks to ensure housing programs for the homeless and non-homeless populations are well coordinated to help ensure their success.

HOME PROGRAM AFFIRMATIVE MARKETING REQUIREMENTS AND PROCEDURES FOR MULTIPLE FAMILY HOUSING

The City of Rochester will require that owners of all HOME-assisted housing containing five (5) or more units shall affirmatively market said units to attract eligible persons from all racial, ethnic, and gender groups in the housing market area. The City will annually assess the affirmative marketing program to determine the success of the affirmative marketing activities and the need

for any necessary corrective measures.

The owner will make good faith efforts to affirmatively market the units in accordance with the following procedures:

Fair Housing Information

1. The owner and the City shall agree upon an initial affirmative marketing strategy.
2. The owner shall prominently display a federal Fair Housing poster in his/her rental office.
3. The owner shall direct all Fair Housing questions from applicants to the City.

Marketing Strategy

1. The owner and the City shall agree upon an initial affirmative marketing strategy.
2. The strategy shall establish occupancy goals for the units based upon the demographic characteristics of the market area.
3. The strategy shall describe the specific marketing and outreach activities to be employed by the owners.
4. The marketing strategy may be amended, upon the written approval of the City, to reflect changed market conditions.

Marketing Contacts

1. The owner may utilize printed and/or electronic (radio and television) news media to advertise the availability of the units.
2. The owner may utilize local newspapers of general circulation, local magazines, newsletters or neighborhood organizations and housing advocacy organizations, or other approved publications which are known to circulate among low income populations for the placement of written advertisements.
3. The owner shall contact and provide information to any groups or individuals known or believed to be interested in the availability of the affordable rental units.

Targeted Outreach

1. The owner shall undertake specific efforts to inform and solicit rental applications from persons in the housing market area who are not likely to apply for the housing without specified outreach. These efforts may be directed toward non-English speaking populations, the developmentally or physically disabled, or other low income populations unlikely to become informed about the availability of the units through the efforts required in paragraph C above.
2. Specialized outreach efforts may be undertaken through direct contact or contacts with organizations known to represent the interests of the population of special concern, e.g. community or advocacy organizations, places of worship, employment centers, fair housing

groups, housing counseling agencies, neighborhood health centers, and government agencies delivering services to the populations of special concerns.

Recordkeeping

1. The owner shall maintain a copy of the approved marketing strategy.
2. The owner shall maintain records documenting specific efforts taken in accordance with paragraphs A, B, C, and D.
3. The owner shall annually report to the City on activities and results of this affirmative marketing effort and shall make all affirmative marketing records available to the City at its request.
4. Affirmative marketing files shall include copies of advertisements; the racial, ethnic, and gender characteristics of potential tenants (applicants) who respond to the ad; and the characteristics of the tenants who actually rented the units.

Annual Assessment

1. The City will independently evaluate and assess the adequacy of the owner's affirmative marketing efforts on an annual basis.
2. The annual assessment will be based upon a number of factors, including but not limited to: consistency with the approved marketing strategy; the owner's success in meeting occupancy goals; the cumulative number of vacancy days; the number of rental applications generated from targeted groups; and the extent to which handicap-accessible units, if any, are occupied by the people for whom they were designed to serve.
3. When it can be determined that affirmative marketing efforts have been limited or unsuccessful, the City will require changes to improve their effectiveness.

In furtherance of the City's commitment to non-discrimination and equal opportunity in housing, it is the City's affirmative marketing goal to assure that individuals who normally might not apply for vacant rental units because of their race, color, ethnicity, religion, sex, handicap, or familial status be made aware of vacancies in housing units funded through the HOME program; feel welcome to apply; and have the opportunity to rent the units.

This policy will be carried out through the affirmative marketing procedures set forth in Section I above and through the following direct actions:

The City will inform the public about: its affirmative marketing policy under the HOME program; the Fair Housing Act; Title VI of the Civil Rights Act of 1964; Executive Order 11063, as amended; and Section 504 of the Rehabilitation Act of 1973.

5. The City will carry out "A" above by: the placement of public notices in local newspapers of general circulation; the placement of public service announcements through electronic media; the distribution of printed materials; and through community contacts.

HOME PROGRAM-HOMEBUYER RESALE AND HOME SUBSIDY RECAPTURE GUIDELINES: The City of Rochester will comply with the following HOME regulations (24 CFR Part 92.254(a)(5) regarding resale and recapture of HOME subsidies. In addition, prescribed language for both resale and recapture provisions is also provided below. It should be noted that the City of Rochester operations regarding Resale and Recapture are as follows: The chart below delineates the programs for Resale and Recapture and provides the tools to be used including the mechanisms for affordability.

Resale:

4. Home Rochester: Write down subsidy for the acquisition/rehabilitation for owner occupants
5. Community Development Organization (CHDO) - Write down subsidy for the acquisition/rehabilitation for owner occupants
6. New Construction development subsidy for Habitat for Humanity and other developers of affordable homeowner-housing

Recapture:

4. Employer Assisted Housing Initiative: Provides a match of down payment and closing cost assistance to employees of participating employers purchasing homes
5. Home Purchase Assistance: Provides down payment and closing cost assistance to buyers purchasing homes on the private market
6. Homebuyer Assistance: Provides up to \$6,000 of down payment and closing cost assistance to buyers purchasing CHDO/Home Rochester homes

Resale: The City shall use the Resale option for the Home Rochester and Affordable New Construction (Homeownership) programs. The City shall not use a presumption of affordability but instead use an enforcement mechanism to meet the resale requirement. The following deed restrictive covenant below shall be used, and a lien may be recorded. Also, see attached copy of deed restriction that is recorded.

Restrictive Covenant-Title to this property (the "Property") is conveyed subject to the following restrictions: The Grantee has acquired this property with the assistance of funds from the City of Rochester provided under 24 CFR Part 92, the HOME Investment Partnership Program (the "Regulations"). As a condition of the subsidy, the Grantee agrees: The Property must be the Grantee's principal residence for ten (10) or fifteen (15) years dependent on HOME investment from the date of this deed; If the above ten (10) or fifteen (15) year period has not expired and the Grantee sells the Property, the Grantee agrees to sell the Property to a low-income family as defined in the Regulations that will use the Property as its principal residence for the duration of the ten (10) or fifteen (15) year period. Documentation must be provided to the City of Rochester verifying the prospective buyer's income eligibility, and the City of Rochester must approve the buyer's eligibility. The price at resale must: (1) ensure that the Property will remain affordable (as

defined in the Regulations) to a reasonable range of low-income homebuyers, and (2) provide the Grantee a fair return on investment (including the Grantee's investment and any capital improvement). Notwithstanding the aforementioned provisions, the affordability restrictions and residency requirement shall terminate upon occurrence of any of the following termination events: Foreclosure; Transfer in lieu of foreclosure; or Assignment of an FHA insured mortgage to HUD. However, the affordability restriction and residency requirement shall be revived according to their original terms if, during the original residency period of ten years, the Grantee before the termination event, or any other entity that includes the Grantee or those with whom the Grantee has or had family or business ties, obtains an ownership in the project or property. In the event that the HOME-assisted Grantee wishes to sell the assisted home, the City of Rochester shall be afforded the right of first refusal to purchase the subject property.

Fair Rate of Return: The rate of return will be based upon the percentage change in the Consumer Price Index over the period of ownership plus the owner's down payment and any capital improvements. Capital improvements would include window replacement, major system replacement such as roofs, plumbing, updated electrical, bathrooms and kitchens, additions and porches and central air conditioning. If the property depreciates in value there may not be a return on investment. **Reasonable Range of Low-Income Buyers:** The City will continue make the home affordable to buyers within 48 to 80% of buyers the Median Family Income (MFI), or up to 120% MFI as appropriate, since some houses were designated as available to slightly higher incomes. **Affordability:** During the affordability period the City would help market the home through the affordable housing network which includes pre purchase counseling agencies, housing maintenance organizations and local associations dedicated to promoting affordable housing. The City will also make available down payment and closing cost assistance to new, eligible, homebuyers of HOME assisted houses to assist with affordability. **Recapture:** The City uses the Recapture option for all of its down payment and closing cost assistance programs; Employer Assisted Housing Initiative, Home Purchase Assistance Program and the Homebuyer Assistance Program. The homeowner shall be required to repay a portion of the HOME funds used to assist the homeowner with the original purchase of the home on a pro-rated basis in accordance with the following schedule, per the Note and Mortgage securing the HOME subsidy:

Time Elapsed-Repayment % 5 Yr 1st month through 24th month 100%; 25th month - 36th month 75 %; 37th month - 48th month 50%; 49th month -60th month 25%; 61st month- 0%

Repayment terms are subject to the terms of 24 CFR Part 92, specifically if the recapture requirement is triggered by a sale (voluntary or involuntary) of the Property, and there are no net proceeds or the net proceeds are insufficient to repay the HOME investment due, the City of Rochester may recapture an amount less than or equal to the net proceeds. The net proceeds are defined as the sales price minus loan repayment (other than HOME funds) and any closing costs.

4. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

HOME funds may be used toward the costs of rehabilitating existing affordable multifamily housing communities for the purpose of sustaining affordable rental housing.

Such projects may be located anywhere within the City of Rochester's boundaries, to include the following objectives: maintaining the affordability of existing rental housing, the creation of additional affordable rental units, or both as part of the redevelopment plan.

The primary objective of such projects is to rehabilitate the existing units and sustain affordability over time, though such projects may include refinance of existing debt. Creation of new units is acceptable, in addition to rehabilitation of existing units.

For projects to be eligible for HOME investment as part of the project, related rehabilitation will be required to meet or exceed a minimum level of \$50,000 per unit, to be sufficient to meet the City's requirements to demonstrate that rehabilitation is the primary project intention. Minimum rehabilitation may include work done to the units themselves, as well as a pro-rata share of building mechanical upgrades, and related soft costs. The City's HOME funds would be contributed only toward the rehabilitation costs of the project and not be used toward refinance of any existing debt.

The investment of HOME funds will be used to ensure that the existing affordable rental housing will be maintained as affordable for a minimum of 15 years, though the City of Rochester will retain the right to assign, at its discretion, an additional local affordability period consistent with the terms of the project's permanent financing and/or payment-in-lieu-of-tax (PILOT) agreement.

Projects will be reviewed to confirm the following: disinvestment in the property has not occurred, feasibility is demonstrated that the project will be able to service the target population over an extended affordability period.

The City's HOME funds cannot be used to refinance multifamily loans made by any other federal program, including Community Development Block Grant funding.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

The City, Continuum of Care (CoC) and HSN (a collaboration of more than 60 local homeless services legal, primary care, mental health, substance abuse, re-entry providers and community stakeholders) have met throughout each program year to jointly plan for ESG. In keeping with the City's past practice of providing the Emergency Shelter Grants (ESG) Program Desk Guide March 2001 to all sub-recipients, the City has provided sub-recipients and community providers that coordinate with them the Emergency Solutions Grant Rules and Regulations, and tools available to date including Definition of Homelessness (Criteria for Defining Homeless and Record Keeping Requirements), and Emergency Solutions Grants (ESG) Program Components and Activities. The City provided sub-recipients with information about the homeless and chronic homeless definitions and eligibility, documentation and record requirements and HMIS participation. The CoC provides HMIS licenses and HMIS training to the City's ESG sub-recipients.

Written standards are included for Street Outreach, Emergency Shelter, Transitional Housing and Rapid Rehousing are attached. These programs are eligible for ESG funding.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Coordinated Entry is defined by HUD as a consistent and streamlined process for accessing the resources available in the homeless crisis response system...ensuring that those with the highest need, most vulnerable households in the community are prioritized for services and that the housing and supportive services in the system are used as efficiently and effectively as possible.

The intended target population for Coordinated Entry is all households or person(s) who are experiencing homelessness or at-risk of experiencing homelessness in Rochester and Monroe County and seeking assistance from the local crisis response system, which includes prevention assistance and a full spectrum of homeless housing and services. This includes single adults, adults accompanied by children, families, unaccompanied youth, parenting youth, person(s) fleeing domestic violence, and veterans.

The community has agreed upon the use of a common assessment tool, known as the V-SPDAT, to help identify the vulnerability of the household and prioritizing them for the appropriate permanent housing intervention based on those needs. Interventions include Rapid Re-Housing for those who have moderate needs and Permanent Supportive Housing, which will be reserved for those with the highest needs. Households scoring low on the assessment are identified as not needing a housing intervention and are likely able to resolve their homelessness without ongoing assistance. The V-SPDAT score will be used as one of the determinants in the community-wide prioritization model. While it is important to have an efficient and effective process by which households can access the homeless system, it is equally important for households to be quickly

exited into the appropriate permanent housing that will best meet their needs and minimize their likelihood of returning to homelessness.

Prioritization is a critical component of a Coordinated Entry system to appropriately exit households to permanent housing and to ensure those with the greatest needs have timely access to services. CE has developed a prioritization model based on input from community stakeholders to establish a process to effectively identify those with the highest needs and connect them to the appropriate permanent housing more quickly. CE Workgroup meets regularly to determine how households are prioritized and what information will be used to determine the way in which the list is ordered. A by name prioritization list is now in place and all TH, PSH and RRH housing providers are only permitted to accept households that are referred through the Coordinated Entry prioritization process. This process is fairly new, the prioritization list began being used by all providers in December 2017. The work group continues to meet to make sure CE is functioning efficiently and revises policies and procedures as needed.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Awards for 2020-21 were based upon a 2020 Request for Proposal (RFP) process in which the City and County jointly published by Legal Notice in The Daily Record; announced availability on its established website for proposals; distributed via networks including those of the CoC, HSN and Housing Choice listservs. Awardees were chosen by a committee of City, County, CoC administrative board, and a formerly homeless community member. Services under this proposal cycle will run through June 30, 2021. The 2021-22 ESG RFP will be publicized and distributed following the same procedure.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Rochester is in compliance with Section 576.405(a) of the Interim Rule, the City has engaged persons who are currently or formerly homeless in their planning process.

5. Describe performance standards for evaluating ESG.

The City utilizes the Integrated Disbursement and Information System (IDIS) to document program progress and monitor program performance on an ongoing basis. The City requires all ESG sub-recipients to enter data into HMIS as required by HUD. A Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually by the City. Each ESG funded project now uses to run their CAPER and download it directly into SAGE for the City and County to produce that report. The CoC will assist the project as needed to do the submission. The consolidated CAPER contains a summary of resources and programmatic accomplishments, the status of actions taken in concert with the CoC to implement the strategies contained in the Consolidated Plan, and evaluation of progress made in addressing identified priority needs and objectives.

Performance Standards are in alignment with the HUD required measures including reducing the duration of homelessness; reducing recidivism; reducing the number of people who become homeless; increasing employment and income; and stability in permanent housing. Additional local standards have also been established and are included in the community written standards; occupancy rate, number of days to respond to referrals, number of days from program entry to move-in date into RRH or PSH, etc.

2021-22 Annual Action Plan Public Meeting
Presentation, Video, Written Q&A and Comments

Presentation: <https://www.cityofrochester.gov/conplan/>

Video: <https://www.youtube.com/watch?v=mlCAXo8auHM>

Questions

Q. Julie Aldrich to All panelists: Has funding already been decided on where and how it will be used or will RFP's or other go out?

A. No, this meeting is to solicit feedback and input on how funding should be allocated

Q. Kim Hare: what organizations have the contract for the Street Liaisons? How many street liaison projects are there? what is the relationship expected of street liaisons and neighborhood groups?

A. Isla Housing Development, Action for a Better Community, Highland Planning, and 19th Ward Community Association are the contracted street liaison organizations in the 2020-21 program year.

Q. President Upper Mount Hope Association : In that many are asking for funding but there are not enough HUD funds, what is the process & who makes the final funding decisions?

A. This meeting is to gather that input from you. We gather input from you and use that and existing needs, to make funding decisions. The funding allocations are determined by City the Senior Management Team. The decisions are in alignment with and driven City priorities, HUD priorities and requirements, and resident input.

Q. Julie Aldrich to All panelists: Now that most have moved to a virtual environment for at least part of their programming, have you realized cost savings from not having to use space and opening up to more virtually?

A. City buildings are still open to employees and the public, although some have reduced public access hours.

Q. President Upper Mount Hope Association: Is the home ownership incentive/Purchase Assistance program to continue?

A. Yes, most likely.

Q. Terlesa Cowart: Will you share more information concerning the ESG grant. What agencies if any apply for it. Also, does it include the people that are living on the street and are not living in a shelter. Where is the information listed. What agencies if any can apply for the grant.

Comments

- Julie Aldrich: Would like to see universal design requirements built into rehabilitation of properties when possible to improve access for persons with disabilities and encourage improved equity and inclusion. This can be done without extra costs and would make properties more accessible, especially in light of age of housing stock within the city.
- President Upper Mount Hope Association: In the past, all of the Consolidated Plan programs talk about benefitting all of the City. In the name of transparency and to see that the funds

are being used fairly (and addressing a concern voiced earlier tonight), the City needs to track & report the use of funds by smaller census tracts, regardless of HUD reporting requirements.

- President Upper Mount Hope Association: It is unfair that only businesses on City-designated business corridors have the benefit of a Street Liaison. Every City business deserves either support by a designated Street Liaison or active Business Association. Every Neighborhood needs to have a Street Liaison and/or Business Association to work with to hold the community together working in a similar direction - strength of neighborhoods; part of 2034.
- Julie Aldrich: Thank you for this very valuable information! This presentation was very well done.
- Elizabeth McGriff: I am hoping that Permeant Housing for the homeless below 0-30 AMI. All I see in the city is a lot of empty apartments that is not affordable to low income folks.
- Joe Di Fiore: Have to jump off for another meeting, but would like to see CDBG and HOME funding made available to support the work of City Roots Community Land Trust. Specifically, pertaining to the acquisition and rehabilitation of houses to be made available as permanently affordable housing for low-income first time homebuyers.

First Name	Last Name	Your Zip Code	Please provide any input on how you believe the City of Rochester should allocate HUD funding in the 2021-22 Annual Action Plan. Your name and response may be summarized or included in full in the Annual Action Plan.	Are you a member of a business, neighborhood, or community organization?	If yes, please list any business, neighborhood, or community organization(s) to which you belong.
Kim	Hare	14613	While the City's narrative mentions the digital divide/broadband improvements in Goals #6 , #7 and #8 yet the plan fails to actually identify what project, by whom or focused where to address this issue. In light of all that we have learned and seen due to COVID for adults as well as the thousands of school children, why is this not a priority. Does the City have a plan for addressing this? Why are there no HUD funds targeted to address this need in the City. A lot	Yes	I am a member of MNA but not an officer.

			of "lip service" has been given to this issue but nothing is being done.		
Adam	Staveski	14450	The City of Rochester currently spends just 6% of its CDBG allocation and 9% of its HOME allocation on households earning 0-30% of Area Median Income. The city should commit substantially more financial resources to extremely low income households as part of the 2021-22 Annual Action Plan. Ideally, these resources would rehabilitate and repair the existing housing stock while also providing tenant-based rental assistance to those most in need.	No	
Ron	Fithen	14620	I am a business owner in the College Town/SMH area. Our business association is no longer functioning. The City no longer facilitates the MHTF group of stakeholders. I do not understand why the city continues to support the designated business corridors with street liaison and has not supported a liaison for our area. Every business needs to have representation and work with the residents, businesses, and city for a common good.	Yes	Mt. Hope Task Force. (no longer functioning)
