

Thurston Village Revitalization

City of Rochester, New York

PUBLIC COMMENT SHEET

NAME: Sheree Porter

ADDRESS: 130 W. Sawyer Pl

CITY: Rochester NY

ZIP CODE: 14619

REPRESENTING: Megiddo Church

COMMENTS: We would like to see a crosswalk put in
where the Megiddo fountain is locate crossing Thurston Rd.
toward the Church. There are elderly people crossing
with walkers and the cars don't yield as needed.
Thank you for your consideration.

Comments may also be sent by FAX to 585-427-8914, or
e-mailed to Nabewanj@CityofRochester.gov

ALL COMMENTS WILL BE CONSIDERED IN THE DEVELOPMENT OF THE DESIGN.
PLEASE FOLD AS SHOWN ON BACK, TAPE, AND MAIL.

PUBLIC COMMENT SHEET

NAME: Ronald T. Hicks

ADDRESS: 30 West Sawyer Place

CITY: Rochester ZIP CODE: 14619

REPRESENTING: Megiddo Church and the Community

COMMENTS: I see a lot of need for a crosswalk between our main church driveway
and our property across the street. We are continually crossing at this location
and at times the traffic is very heavy and it is hard to get across.

We also have a number of elderly people who walk slowly, and need
consideration from the drivers.

A crosswalk at this location would greatly increase the safety for all of us
and hopefully prevent a serious accident or injury.

Attached is my form for requesting the crosswalk. Thank you for this opportunity. We look forward to our new, revitalized street!

Please see the Google mark-up I have on page 2 of the pdf.

COMMENTS: Regarding: Cross walk stripe ^(at cross at) between 481 & 478 Thurston: See sketch at Bottom

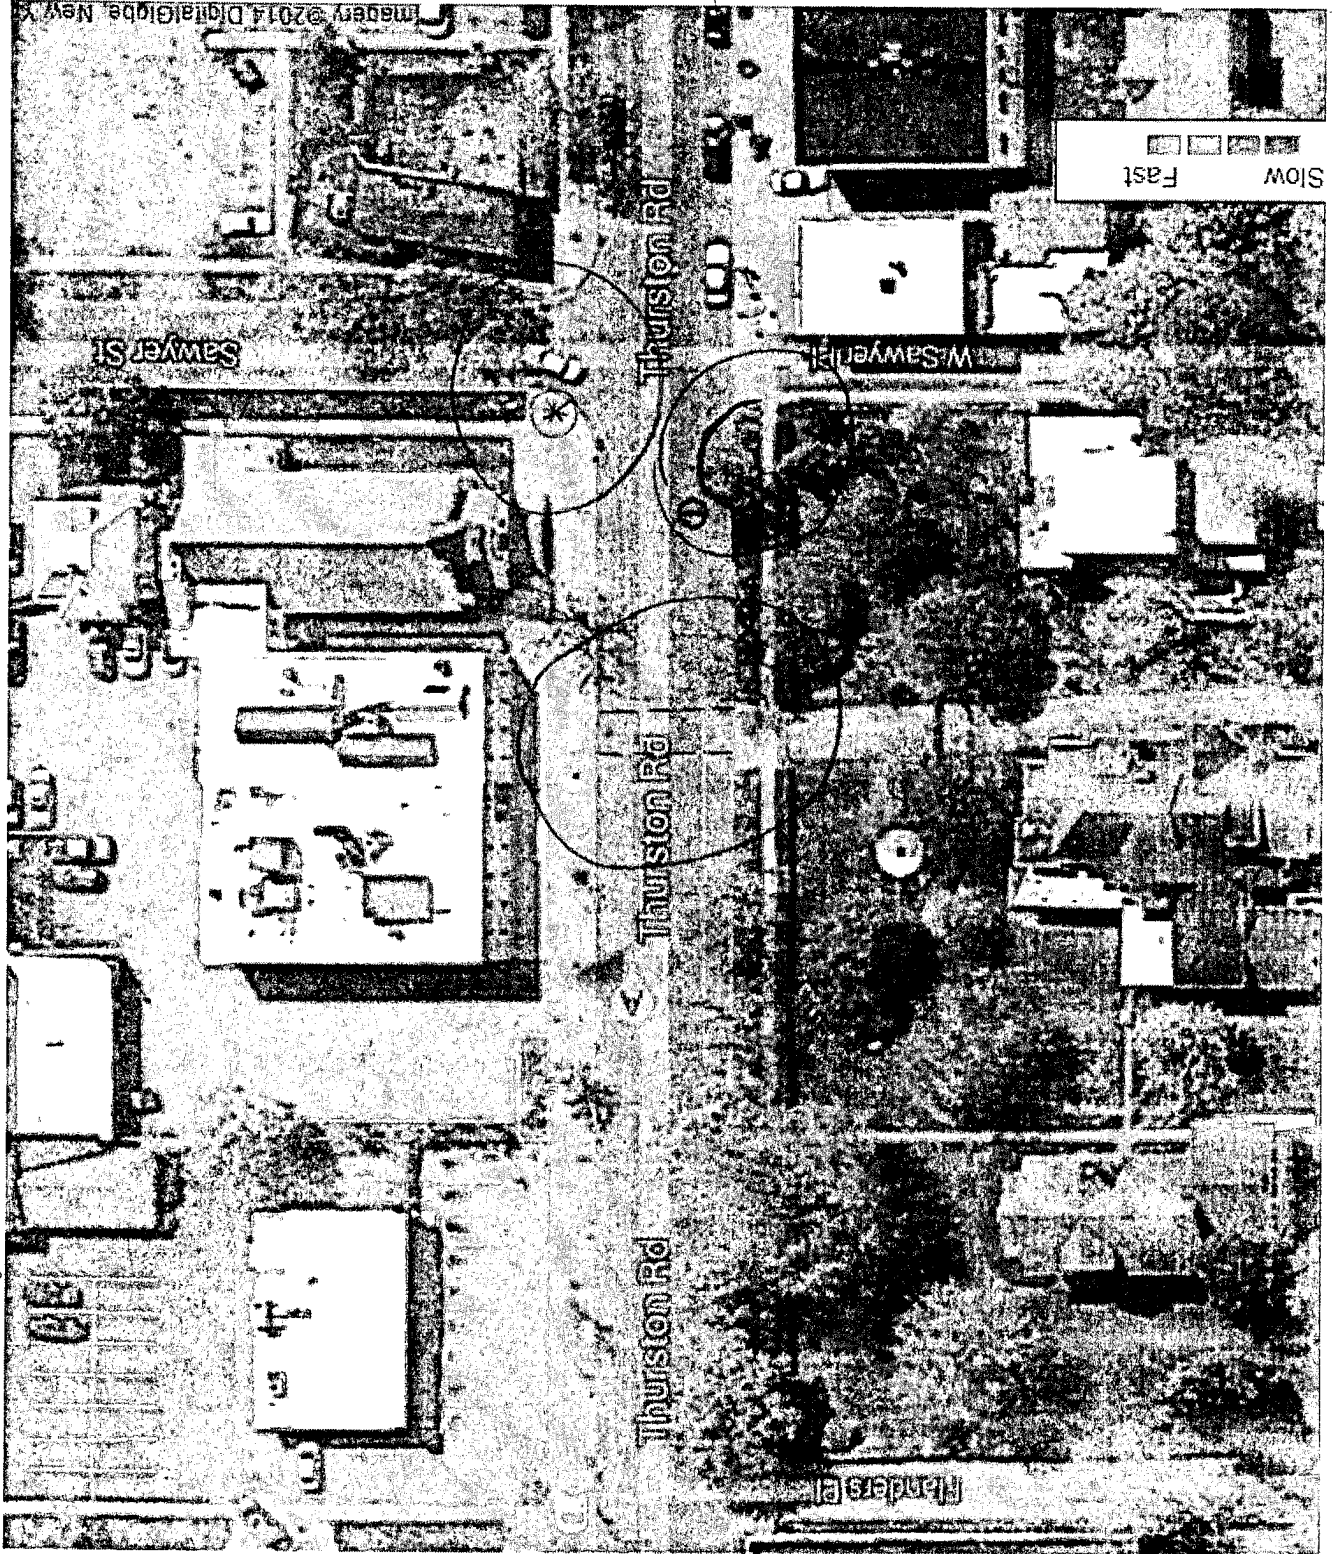

I am grateful for the opportunity to suggest a cross walk marking be made on Thurston Road at ^{main} entrance of 481 Thurston Rd and the church, 500 Thurston Rd. & 478 Thurston Rd.

- 1) At times one has to wait along time to cross. It seems some cars ^{even} speed up when they see someone trying to cross.
- 2) There being no lights for a long distance (Brooks to Anthony - 9 or 10 streets) the traffic moves too fast for the elderly or disabled to cross safely.
- 3) When it is busy one can wait a long time to cross even when able to move swiftly.
- 4) During winter, especially, the neighbors ^{often} cross at that point because it is snowed.

Also, ^(moving) going from W. Sawyer Pl. on to Thurston Rd is often unsafe when we can't see around vehicles parked too close to W. Sawyer Pl. There have been numerous accidents at that corner. Is there some way to build the curb out for about 12' like this?

* Cars from Sawyer St, make it hard to get across

① add curb so parked vehicles can't park so near entrance to West Sawyer Place.

Parked cars
